

The Canyon News

Fifty-fifth Year

Canyon, Texas, Thursday, September 28, 1950

Number 30

Three Men in Canyon Over 90 Years Old

R. E. Baird observed his 90th birthday last Thursday at the home of his niece, Mrs. Chas. Stevenson in Amarillo. He has been a resident of Randall county since March, 1883, which has long established him as the oldest citizen of the county in point of continued residence. Mr. Baird has cast a vote in each election since Randall county was organized, more than 60 years ago.

His birthday established the fact that two other men in Randall county are now past their 90th year.

Sam Heizer was 96 years of age on March 27.

T. J. Prichard is the oldest man of the quartet. He will reach his 99th birthday on November 5. It was established several years ago that Mr. Prichard holds the record for being the oldest person living in Randall county.

Forty years ago the Panhandle was looked upon as a young person's country, with few persons more than 50 years of age. The picture has rapidly changed in recent years, with many persons more than 80 years of age, and a whole host of citizens in their 70's who are enjoying the splendid climate of the Plains.

None of the three oldest men are actively engaged in any business line, although Mr. Baird drives his car to town daily and has enjoyed splendid health throughout the years. The other three are seldom seen except by members of their families who call at their homes.

Publishers Visited Hereford Brand for Saturday Meeting

The first sectional meeting of the Panhandle Press Association was held in Hereford Saturday, with 70 members of the press being guests of the Hereford Brand and the Hereford Chamber of Commerce.

Advertising was ably discussed by members of the Amarillo Times staff, of the Clovis News-Journal, Amarillo Globe-News and Ochiltree County Herald.

At noon the new Jim Hill Hotel and Chamber of Commerce gave a luncheon, followed by a skit put on by the Hereford Jaycees.

Attending from Canyon were Mr. and Mrs. Clyde Warwick and Arthur C. Haley, Jr.

Hales Entries Cop Leading Ribbons at the Tri-State Fair

Holsteins from the Hales herd again won top honors at the Tri-State Fair in Amarillo last week.

Joe V. Hales of Plainview won grand champion female; Jones Hales of Randall county, won grand champion bull; while H. B. Hales, father of the two boys, won first place in three classes of judging.

The cattle show was the best that has been held at the fair. W. E. Bennett, pioneer Hereford breeder of Randall county, had his usually fine exhibit.

In the Milking Shorthorn class, Marion Bruce of Randall county, was among the top winners.

Three Printers Are Picked Up Charge of Counterfeit Cash

Three printers from the Hereford Brand, Tulla Herald and Castro County News were arrested Friday on the charge of printing counterfeit money.

The three men claimed that it was "play" money and that none of it had been passed. The job was done at night in the Hereford Brand office. The plates and a quantity of the counterfeit money were repossessed in the home of one of the trio.

With the prevailing scarcity of printers throughout the nation, the three men chose a bad time to get in jail on such a serious charge.

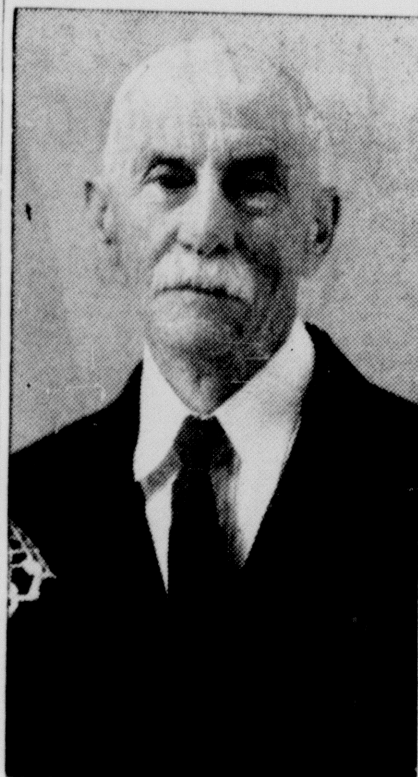

Randall County Man Re-Elected Head of Panhandle Pioneers

W. J. Flesher was re-elected president of the Old Settlers Association at the annual meeting in Amarillo Wednesday.

Mr. Flesher lives in South Amarillo. He came to Canyon 42 years ago as a school teacher, and practiced law here until he moved to Amarillo.

Now is the time to put out peonies and poppies. Stevens Floral. 3012

S. V. Wirt Died at the Age of 90: Funeral Was Held

S. V. WIRT

Samuel Vincent Wirt died Tuesday morning at 10:30 o'clock at the family home, 1200 Fourth Avenue, as the result of a heart attack. He had reached 90 years of age on February 4 of this year, being one of the four men in Randall county who were more than 90 years of age at the time of his death. He had been in poor health for several months.

The funeral services were held Wednesday morning at 10 o'clock at the First Christian Church of which he was a member. Rev. Win R. Matzler officiated. Interment was in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home.

Survivors are the widow, Mrs. Carlee Wirt; one son, Lorenzo Wirt; four grand children and three great grand children.

When Mr. and Mrs. Wirt moved to Canyon 59 years ago there was just one wire fence between Canyon and Amarillo. They were married in Bowie in 1890 and came to Canyon in March, 1891.

Mr. Wirt opened the first drug store in Canyon, shipping his stock of goods here from Bowie in 1891. After five years he sold the business but later opened another store on the north side of the square which he continued to operate until 1925 when the string of new buildings were erected.

Mrs. Wirt was the second postmaster of Canyon, having been appointed by President Harrison. She operated the postoffice from 1891 until 1894.

Mr. Wirt served three terms as county treasurer; six years as deputy sheriff; and seven years as night watchman.

There was only a handful of people in Randall county when the couple arrived here to make their home, but they have contributed much to the business, civic, religious and educational advancement of the community.

Canyon Fans Attended Buffalo-Arizona Game

Mrs. Bryan McDonald, Pamela McDonald, Marion Miller, Suzanne Owens, Bobby Tucker, and Givonne Johnson left Thursday for Tucson, Arizona, where they attended the West Texas State-Arizona University football game Saturday night. They were met there by Mr. and Mrs. Warren Johnson and Jeannette. At the game they saw Mr. and Mrs. Worth Jennings of Phoenix, Ariz. The group visited in the home of Mrs. McDonald's cousin, Mrs. Baylor Young.

Quarterback Club Meeting Wednesday

The Quarterback Club will meet Wednesday night at 8 o'clock at the high school cafeteria instead of Thursday night as formerly announced.

Motion pictures of the Buffalo-Arizona State football game last Saturday at Tucson will be shown. The Public is cordially invited.

Tax Rolls Will Be Ready by October 1

All tax collecting offices in Canyon are working overtime this week in order to complete the tax rolls for collection by October 1st.

Taxpayers in Canyon and the Canyon Independent School District will have three stops to make in paying their taxes—the office of M. E. Cantrell for state and county taxes; the office of Lee Foster for school taxes; and the City Hall for city taxes.

Mr. and Mrs. Buck King and Mickey moved to Haskell last week.

Traffic Greatly Improved Result of Police Work

"Traffic violations have greatly declined in Canyon," reported City Policeman Chas. Oates Monday.

Mr. Oates has been on the job for about a month, and his presence in uniform has had a good effect upon traffic violations.

"I could have handed out many tickets for traffic violations, but believe that it is better to have volunteer observance of the sane traffic than to have a lot of folks mad about paying a fine," stated Mr. Oates.

Double parking at night around the square has practically ceased.

More than half of the abuse of cutting into the post office has ceased, according to Mr. Oates, who has looked upon this situation as one of the most critical in Canyon. There has been constant violation of traffic as people drive up to the post office from the south and cut across the street in order to get their mail. Before penalties are imposed for this practice, car owners are urged to use precaution and not continue this practice.

Juvenile driving has been the most serious problem in Canyon, stated Oates. Parents are warned that the state laws must be observed as to the age of drivers, and all who operate a car must have a driver's license.

It is reported from the public schools that reckless and fast driving has been reduced to a minimum since the city employed Mr. Oates to keep an eye on the operation of cars.

Bufs To Meet McMurphy Here Saturday Nite

The Buffalo football squad will meet McMurphy college of Abilene Saturday night at Buffalo Stadium. The McMurphy Indians defeated the Bufs last year 34-7. The locals will be out to avenge this defeat.

The Bufs have a clear record this year, having two victories against Border Conference teams. However, the Indians will bring practically all of the 1949 team to play. McMurray has played two games, making a good showing against the strong Tulsa University, and winning from Midwestern of Wichita Falls last Saturday 19-7. From all indications there will be a sell-out crowd Saturday night to see this game.

"Hansel and Gretel" Will Be Presented Here Wednesday, Oct. 4

Above is shown the gingerbread house as seen in the production of "Hansel and Gretel" which will be presented in Canyon on October 4, 1:30 p. m. at the West Texas State College Auditorium, under the auspices of All Saints' Episcopal Guild.

When "Hansel and Gretel" arrive in town on Wednesday, Oct. 4 at West Texas State Auditorium, they will be accompanied by seven real live dwarfs who will sing, dance and entertain young and old alike. These are not ordinary dwarfs, but very outstanding entertainers including the best from the stage, screen and top ranking circuses.

These dwarfs are featured in a comic, show-stopping "Mushroom Ballet" in the second act of "Hansel and Gretel," especially adapted to bring to the waiting public once more, these little men who captured your hearts in "Snow White and the Seven Dwarfs."

Jimmie Jackson, featured in a leading role of "Scratch," Casper's

Park Road Will Be Paved; Start During This Year

Contract for construction of the paved highway in the Palo Duro State Park will be let before the end of 1950, according to word from Gordon K. Shearer, executive secretary of the Texas State Parks Board.

Plans for the new highway have been submitted through the office of District Engineer Guy Lott. Owing to the fact that changes in location have been made in construction of the proposed pavement, it was necessary that conveyance of certain parcels of land should be made to the State by holders of the outstanding bonds. This matter is now in the hands of Attorney General Price Daniel, who will straighten out the legal difficulties made necessary by changing the route.

Miss Erdman Left For Meetings To Be Held in Missouri

Miss Loula Grace Erdman left Tuesday night for Warrensburg, Missouri, where she was honored by Central Missouri State College, her alma mater, on Wednesday. On Thursday her two home counties, Lafayette and Salinas, will honor her with a celebration at which she will be the speaker. She will speak to the Library Association in Kansas City on Friday. Saturday she will autograph her new book in the book department of Emery-Burd in Kansas City. She will be back in Canyon to meet her classes on Monday.

Miss Erdman's new book went on sale Monday at Warwick's. Copies may be autographed by the author for those wishing this.

Stork Specials

A baby girl was born to Mr. and Mrs. Floyd Murray on September 21.

On September 23 a baby girl was born to Mr. and Mrs. Edwin Podzemny.

Mr. and Mrs. J. W. Butler are the parents of a baby boy born on September 25.

Ten Local Boys Have Registered Under Selective Service

Eighteen year olds who registered during the month of August are:

Gipson, Billie J., Canyon. Simon, Frank E., Amarillo. Welch, Arnold, Canyon. Samples, Billy L., Canyon. King, Alvy L., Canyon. Stevens, Julius C., Canyon. Stone, Norman C., Canyon. Hair, Carl E., Canyon. Bednorz, Charles A., Canyon. Higginbotham, Carl L., Canyon.

Help Keep Canyon Clean!

Marvin Cornette Is Top Winner in Duroc Jersey Show at Tri-State Fair

MARVIN CORNETTE of Canyon showed grand champion Duroc sow and grand champion Poland China sow in the Tri-State Fair. He is 18 years old, an FFA member, son of President and Mrs. James P. Cornette of West Texas State. Young Cornette is majoring in the Agriculture Department of West Texas State. He won 15 ribbons with his Duroc entries.

New Pastor To Be Installed Monday Night

REV. T. WINSTON WILBANKS

Installation service will be held Monday night at 7:30 o'clock at the Presbyterian Church of Rev. T. Winston Wilbanks, who will become the new pastor of the church. All members and friends of the church are cordially invited to attend the service.

Participants in the service will include Judge Wright of Silverton, a layman elected Moderator of the Presbytery at a recent meeting in Childress, who will preside; Dr. A. B. Haynes, who will give the charge to the congregation; Dr. G. K. Rogers of Plainview, who will give the charge to the pastor; Dr. John R. Sharp, who will give the installation prayer.

Dr. T. J. Wilbanks, father of the new pastor who has served for 25 years as pastor of the Pine Street Presbyterian Church of Texarkana, will preach the sermon.

Hospital News

F. S. Strohmeier, medical. Bob Cavazos, medical. Mrs. J. B. Foster, surgery. Susan Davis, tonsillectomy. Joe Gidden, surgery. Mrs. Anton Hollenstein, surgery. Mrs. T. S. Stevenson, Jr., medical. Mrs. W. L. Smith, medical. Robert Acker, surgery. Clyde Bradford, medical. Mrs. W. A. Doan, Jr., surgical.

Local Boy Scouts Receive Awards at Court of Honor

Last Thursday night representatives from Boy Scout Troop 66 attended the Court of Honor in Bivins Schools in Amarillo. Scoutmaster R. E. Harrison and neighborhood commissioner Dr. Charles Martin accompanied the boys, Bill Harrison, Bernice Morris, and Jimmie Joyner. Bernice Morris, son of Mr. and Mrs. Ed Morris, was awarded Star Scout rank and the junior assistant scoutmaster warrant honor camper medal. Jimmie Joyner, son of Mr. and Mrs. C. L. Joyner, won the honor camper medal and senior patrol leader warrant.

Troop 66 will meet Thursday nights in the basement of the Baptist Church. Plans are underway for the formation of an explorer unit. All boys who are interested are invited to attend the meetings.

MARRIAGE LICENSE

John Richard Barrett, Jr. and Suzanne Stephenson, September 20. Thomas Reid Keeling and Mary Ann Bellah, September 23.

Sunday visitors in the A. B. Berry home were Mr. and Mrs. Chester Byrd and daughter of Borger and Mr. and Mrs. Guydell Woodburn and daughters of Amarillo. Mrs. Byrd and Mrs. Woodburn are Mrs. Berry's sisters.

No Bargain Rates on Amarillo News For This Holiday

There will be no bargain subscription rates on the Amarillo News this year, according to announcement made by the circulation manager.

"Our subscription rate of \$13 per year is the lowest rate of any daily in the country, considering the size and quality of the paper. The scarcity of news print; advanced prices of print; and the increased cost of production, labor, postage, ink, and everything which goes into a newspaper, makes it impossible for us to put on the annual bargain rate," was the answer given the Canyon Newsman in answer to a question in regard to holiday rates.

Citizens of Randall county may secure the Canyon News and Amarillo News for \$14.50 per year; those living outside of Randall county will pay \$15.00 per year for the two papers.

In order to avoid confusion at the end of the year subscribers should send in their renewals at once.

Group of Men Ordered Up For Induction Army

The following are the first men called from the four-county board for army service since January, 1949. They were inducted Wednesday.

Jesse Andrew Drake, Canyon. Ikie Kuykendall, Hereford. Troy Ray Schuder, Hereford. Harold L. Conklin, Hereford. Claude A. Allen, Canyon. James W. Lindsey, Canyon. Kenneth R. Hillier, Canyon. Eual H. Bradford, Hereford. John E. Bingham, Lariat, postponed personal reasons.

Aubrey F. Smyth, Hart, postponed college.

Roy Reynolds, Canyon, postponed college.

Those ordered for physical examination for the month of September. These 27 men passed out of 40 called:

Paul Conner Smith, Bovina. Edward H. Johnson, Bovina. Harley G. Hicks, Canyon. J. D. Johnson, Friona. Truitt G. Harrelson, Friona. Robert E. Kemp, Amarillo. John D. Owen, Hereford. Joe T. Lyons, Hereford. Marion B. Kinsey, Vega. Loyd M. Trulock, Dimmitt. Don Martin Brockman, Muleshoe. David R. Smith, Friona. Thomas R. Warren, Hart. Bernard J. Wilhelm, Happy. Eastanslo DeLaCerta, Hereford. Jack Ward, Hereford. Wayne Donnell, Amarillo. William L. Hicks, Hereford. Ebb W. Martin, Jr., Hereford. Troy J. Langford, Hereford. Leland W. Lee, Dimmitt. Billy M. Thomas, Canyon. Eugene W. Fangman, Hereford. Herman R. Needham, Canyon. Ralph S. Collier, marillo. Don E. Sheets, Canyon. Nelson W. Stephenson, Dimmitt.

Two Boys Win With Spotted Poland Chinas at the Fair

Norman Ray Tueck and Jimmie Sykes were among the winners at the Tri-State Fair with their Spotted Poland China hogs.

Tueck won grand champion with a sow; and grand champion in the Junior Show with the same sow. Sykes won 6th place with his Spotted Poland China sow in the district show.

Mr. and Mrs. Cris Wooten and son Gary of Seminole, Texas, spent the week-end in the parental W. J. Wooten, Sr., home.

Now is the time to put out peonies and poppies. Stevens Floral. 3012

Rain and More Rain Falls Over the Week End

Rain fell in Canyon Sunday and Monday which amounted to 1.12 inches. It started raining late Sunday night, with .87 of an inch falling before 6 o'clock Monday evening. Another shower of .25 of an inch fell early Monday night.

So far moisture of 22.19 inches has fallen in Canyon during 1950, a large part of which has fallen since May.

The wheat situation remains critical so far as planting of the 1951 crop is concerned. A survey of the county indicates that less than half of the wheat has been planted. Some of it was planted while the ground was too wet, which will necessitate the reseedling of this ground.

Several farmers near Canyon reported Monday that they were practically complete with their planting. Others state that they are about half finished. In the west part of the county where there has been more rain, than in Canyon, some of the farmers report that no wheat has been planted.

If there had been no rain over the week-end it was predicted that a large part of the wheat acreage would have been planted before Saturday. With the heavy rain falling over the week-end, and little drying weather so far, it is very unlikely that any wheat may be planted before the coming week-end, or a delay of about a week. In the meanwhile, weeds are getting a good start on some of the early planted wheat.

The row crop situation remains about the same. There is a fine crop of row crop generally over the county. A few loads of row crop have been cut south of here, but it will take dry weather in this section to develop the grain.

Farmers are hopeful that there will not be an early frost this year, but they will not be surprised to have such a frost if another heavy rain falls. None of the row has fallen, thanks to the fact that there have been no heavy winds on the Plains this fall. November 1st is the average time for frost in Randall county. A late frost this year will mean much money in the pockets of the farmers of Randall county.

Men Called Armed Service Leave Oct. 4th Are Reported

Called for Induction Oct. 4, from the four County Board Area, Randall, Castro, Parmer and Deaf Smith Counties which makes up the Local Board No. 18, Hereford, are:

Robert Owen Elliston, Hereford. Carl Junior Smith, Canyon. Jack Stanley Laing, Amarillo. Emmett Mason Potter, Hereford. Charles Douglas Barnard, Skellytown. Raymond Milburn Haydon, Hart. John Albert Cavin, Jr., Amarillo. Alfred Beryl Hamblen, Canyon. Lenard Duwane Smith, Hereford. Johnnie Albert Williams, Canyon. Anthony Vincent Acker, Nacareth.

Frank Edwin Moore Funeral Held on Sunday Afternoon

The funeral of Frank Edwin Moore was held Sunday afternoon at 2:30 o'clock in the Griggs-Warren Funeral Home.

Mr. Moore, 37, died Saturday morning at the family home at 1309 Fifth Ave. The family had lived in Canyon for 18 years. He had been sick for a number of months.

Survivors are the wife, Mrs. Odessa Moore; two daughters, Dorothy and Patricia; two sons, Charles and Cecil; the father, B. D. Moore of Graham; four brothers, Lonnie and Karl of Graham, Bee and Day of Canyon; three sisters, Mrs. Gaye Turner, Mrs. Ada Rogers of Canyon, Mrs. Clifford Spencer of Graham.

Mrs. Dewey Foster Won Prize at the McDonald Opening

About 300 persons attended the formal opening of the McDonald Shop Friday night between 6:30 and 9 o'clock. The visitors came in small groups and greatly enjoyed a careful examination of the new Shop which was recently moved from the east side to the new building.

Many beautiful flowers were sent by business firms who extended hearty congratulations to Mrs. Alvin McDonald and her staff for the splendid success of the business.

Mrs. Dewey Foster drew the attendance gift of the evening.

Branch Archer To Resign His Post

Branch Archer, assistant District Attorney, has announced in Amarillo that he will soon resign his position in order to open a law office.

Archer is a Canyon boy, having graduated from West Texas State before going to the University of Texas for his degree.

EDITORIAL COMMENTS

When is a Democrat a Republican and Why is There a Pledge?

"That was a pretty good Republican editorial that you published on Ben Guill," commented a reader after *The Canyon News* hit the streets last week.

Our reply was that we don't give a hang what it sounded like, just so we told the truth. We asked the old boy wherein we were wrong. "You took the pledge, didn't you, like all Democrats. Therefore you must stay with the party," was his retort.

That will be the campaign thunder of the Democrats this year.

"You took the pledge; you took the pledge; you took the pledge," they will shriek without giving a sane answer as to why any Democratic nominee should be elected to public office.

Frankly we do not think that a single Republican in Texas has the slightest chance of winning in November, unless Ben Guill is elected here in the 18th Congressional District. That brass collar has been securely bound around the necks of so many voters that they will not break it. So far as the average voter is concerned, the sun will stand still, and the moon turn to green cheese should any Republican be elected to public office in Texas. We have a Republican Congressman from this district, a Republican of only ten years, to be sure, but none of those dire things have occurred here in the Panhandle. In fact, it did not start to rain until Ben Guill was elected. (As though his election had anything to do with rain.)

So far as the Newsman is concerned, we are happy to see this political upheaval here in the Panhandle over the Congressman. It shows that the folks are up and alive, and willing to vote Americanism rather than blindly follow the party—which is no longer a party. That is the reason Ben Guill quit the so-called Democratic party ten years ago and started to fight for the things in which he believed. Being a good American is more important than being either a Republican or a Democrat.

Again we say, we are for Ben Guill because we admire his spunk and his ability to fearlessly go after the things in which he believes, and will not shirk his duty as an American for the sake of a political party.

Americans Are Silly in Selling War Materials to Our Enemies

In spite of the greatness of America, we are a very foolish people. We are soft hearted as well as soft headed when it comes to making money.

We were warned not to ship scrap iron to the Japs before Pearl Harbor, but we shipped millions of tons. This iron killed thousands of our boys.

We were warned not to continue shipping war supplies to Russia after she drew down the iron curtain and refused to admit our military men, even while the war was going on. We shipped millions of dollars worth of war equipment under lend-lease, for which the taxpayers of America will pay, and pay dearly.

We are shipping vital war materials to England, and our cousins across the seas are simply re-routing the ships to Russia, and we are paying the bill.

We are told that billions of barrels of oil are going to the commies in China, to operate the war machine which we will eventually face.

Yes, and we are now told that ship loads of scrap iron are now being loaded out which will go to some enemy port—which port, no one knows just yet.

The silliest thing that goes on in America is the conflict between two departments within our own government. One department is building war plants, training camps and letting huge contracts at fat prices, while another is selling materials which we could use.

Senator Lyndon Johnson is head of the investigating committee which is trying to put an end to this waste. He has called the hand of these wasters of public funds, and demanded that they stop their activities. They first denied that any vital war materials was being sold at 10 cents on the dollar until Johnson called their hand, and showed just what was being sold in the guise of surplus material.

If America can survive such waste, it will be a miracle of miracles.

Senator Johnson deserves a big hand for his fearless fight against these conflicting wasters of public moneys.

Marshall Is Secretary of Defense In Spite of Republicans

The unjust attack upon General George Marshall by a Republican Senator was uncalled for, and insincere. Marshall has been a patriotic American citizen, who has devoted his long life and his talents for the good of the nation. Naturally there might be other public men who are better prepared than Marshall to serve as Secretary of Defense, but so far none has been considered.

The unfortunate report of Marshall that China was not worth saving is probably the greatest cause for suspicion of his unfitness for his job. However, this was brought about by the rottenness of the Chiang government, when many Americans had the same opinion. The corruption which grew up under the nose of Chiang is enough to make all Americans sick at the stomach.

Marshall is a military genius, and if left alone he will not fall into the rut of Johnson and allow the White House to waste billions of dollars on social schemes when we need that money for military defense.

Business men who borrowed from the R. F. C. were, unwittingly perhaps, taking a "step toward socialism." They rarely objected, however, until after they got the money.

We sometimes wonder what the modern world would have been like if the Asiatics, or the Africans, or the Polynesians had directed world affairs for the past thousand years.

Every effort should be made to tell the world that the U. S. seeks peace because it is becoming plain that, despite this, we intend to fight if attacked.

A great mathematical genius passed unhonored the other day; for three years he had been able to keep his books in balance with his bank account.

Readers of *The Canyon News* are invited to send in letters of comment but it is imperative that they be brief and without personalities.

Some of our potential allies suggest that a common defense should be paid for from a common fund if you know what they have in mind.

Yes, Sir, Here in Texas the Democrats Put on the Brass

We read with wonderment statements which are being printed in some of our exchanges as to the solidarity of the Democratic party in Texas under the leadership of Governor Shivers.

The platform—of all things—is being praised. Yes, and in a solid State like Texas, who ever heard of a platform after it was written?

Sure enough the Governor took the middle of the road and kicked out the radicals. He could do little else. If he went all out as a radical, going down the line with the leftists in their praise for Truman, his tideland steal, in which the leftists profess to believe, Shivers would have been sunk.

Likewise, as the titled head of the Democratic party in Texas, he could not ignore the Washington administration, as much as he might wish to do. He must play ball with the boys who own all of the equipment. There are plenty of ultra conservatives who would gladly give a swift kick in the pants of every so-called Democrat in Washington, but such a measure would have been political suicide to Governor Shivers. Those Southern Governors who have followed this path are being punished, politically by the Washington outfit.

Back of all this hooey is the battle cry, "Vote 'er straight in November."

When you hear chatter about this great Democratic party in Texas, you may guess that it comes as a White House inspiration, from some one who will eventually get around to demand that you vote for the party in November, regardless.

One plank in the Texas platform indicates our willingness to get tough with the commies. That is fine; but Truman threatens to veto any legislation which he does not dictate, and which will handle the commies with kid gloves.

That is just how friendly a friend of the Democrats of Texas have in their president in the White House.

Speaker Sam Rayburn came back to Texas to praise the national administration. He certainly must have had his tongue in his cheek as he praised the Democratic party, its leader and its outlook. Naturally Sam would stand by the White House in all of the booting around which the Democrats of Texas are getting, since he owes his office of Speaker to his continued support of the White House.

The War Goes on and Is Being Successfully Waged at the Front

It is dangerous to make a war prediction almost a week before this may be read. However, the daring plan of General MacArthur is going forward as originally planned. There seems little doubt that his plans will work out for ultimate victory for the United Nations.

For weeks our forces have been pushed back and back in Korea. While we were able to land men and supplies in the South part of that country, the Reds put two men into the war while we were getting one man and his equipment into the southern section.

MacArthur has lived most of his life in the East and knows the country, the people, and their minds. No wonder then he was able to plan and put into execution the daring plan whereby we would cut off the Reds at their source of supply.

The little men in Washington who were trying to play politics as usual, and to make MacArthur the goat of the Korean war must be pretty ill at ease as the result of tactics which seem certain of success. The war will be won in spite of this group.

Taft-Hartley Law Will Be Evaded If Repeal Is Impossible

Not only will the Taft-Hartley labor law be on trial in Ohio, but the White House has started an indirect move to make the law ineffective.

Labor is going all out to defeat Senator Taft in Ohio. According to political observers Taft will be re-elected by a very slim majority. Labor is after his scalp, but is not likely to succeed in defeating him.

Now comes the other angle. The President demanded and secured the resignation of Robert Denham, who has been a thorn in the side of the labor element in that he insisted upon strict enforcement of the Taft-Hartley law and was the government's chief prosecutor.

The President will replace Denham with a pro-labor attorney, who will seek to make T-H ineffective. Labor will cast a solid vote for friend Harry in 1942—and that is the reason for politics as usual.

Tell It To the Marines!

No one outside the White House had other than highest respect for the past performance of the Marine Corps.

After reading the reports from Korea, we rather suspect that the men in the White House has a higher regard for these fighting men than he did when he wrote the letter of condemnation. No wonder such a fighting unit demanded government recognition.

The Secretary of Defense is out of office as a result of policies that he could not have carried out without the approval of the President.

Can anybody remember the good old days when a school boy thought he was doing pretty good if he carried an apple to school for lunch?

We are all for Gen. George Marshall, as Secretary of Defense, but we cling to the idea that the office should be held by a civilian.

No corporation in the land has yet offered to do anything for the defense of this country without making a profit.

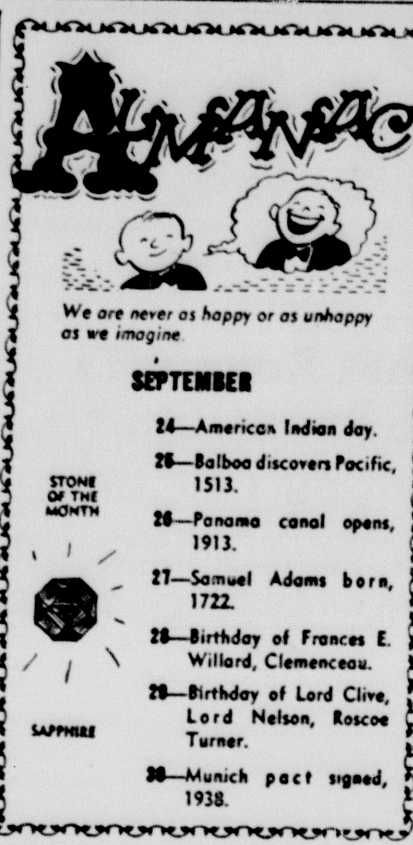

We knew two men once who talked so loud that they could argue about public issues more than a mile apart.

There is nothing wrong with the idea that the nation should pay for the Korean episode through increased taxation.

The Communists are not the only people interested in rewriting the history of the world to prove a few points.

If the process continues there will soon be more organizations in the United States than there are people.

Whenever an individual thinks he is above the law it is time to set him straight.

**4 More Become Life Members Of P-PH Society**

At the August meeting of the Board of Directors of the First National Bank of Panhandle, David M. Warren, an active member of the Panhandle-Plains Historical Society for the past several years, delivered Life Membership Certificates to four Panhandle men.

Warren has secured more than a hundred memberships in the P-PHS in Panhandle and Carson County in recent months. He has also secured several thousand dollars in subscriptions for the museum here in Canyon.

Mr. Warren is a Director of the P-PHS and he is also Chairman of the Finance Committee of the Museum Building Fund. He served as President of the Society in 1948-49. During his term he was instrumental in securing a gift of \$10,000 in dividend-paying stocks for the Society from Mr. Earl Cobb of Fort Smith, Arkansas. The income from these stocks will be used for the purpose of promoting writing and research among high school students in the Texas Panhandle.

The four Panhandle men were Asberry A. Callaghan, Vern Wisdom, J. H. Paul, and Walter Lill. Mrs. J. F. Weatherby, a generous contributor to the museum building fund also became a life member.

Man is a being wonderfully vain, changeable and vacillating.—Montaigne.

BARGAIN HUNTER

A woman was picked up for the fourth time trying to walk out of a New York department store with unpaid-for merchandise.

The store detective asked her: "Why do you insist on doing your shoplifting in this store?"

And the answer: "Where else could I find such bargains?"

Juniper Slates Big Series of 'Jukebox' Hours

With the accent on popular recordings of the Roaring 20's, Dr. Walter Juniper, Dean and Professor of Latin at West Texas State, returns to KGNC at 12 o'clock Sunday, October 1, with the first number of the 1950-51 series of Jukebox of Yesteryear programs, so popular last year with listeners of the Panhandle and Tri-State area.

Jukebox of Yesteryear, something of a combination of 'class and corn' is the brain child and hobby of Dr. Juniper. This year it enters its fourth season on the air, it's second on KGNC.

The WT dean plans a series of 35 weekly half hour programs for this year, to begin with the first Sunday in October and to continue through the last Sunday in May. As last year, the series will be so arranged as to present a composite picture of the years 1920-29. Each week Juniper will be on hand with notes on every conceivable subject, from bobbed hair and short skirts to the stock market crash of Black October, in 1929.

No show will be exactly like any one of last year, the dean promises. For the most part he will use records not heard in the previous series.

It long has been one of the opinions of General Marshall that the importance and role of the U. S. Marines have been overemphasized. The General is not one, however, to air his opinions in public, and no new effort is expected in the near future to turn the Marines strictly into a police force for the Navy.

Dean Acheson, Secretary of State, finds his position greatly strengthened by the resignation of Mr. Johnson. Secretary Acheson is a protégé of Gen. Marshall, with the result that two departments that had been at war with one another on issues of policy now will see eye to eye.

Word is going to leaders in Congress that General Marshall probably will serve as Secretary of Defense only long enough to restore public confidence in the country's defense establishment, and to tighten up that organization, before giving way to a civilian. General Marshall's health is not robust.

Gen. George C. Marshall, as Secretary of Defense, has assurance from President Truman that he will have a free hand in directing overall U. S. defense policies. In effect, General Marshall will be Commander in Chief, dominating the Joint Chiefs of Staff.

The forced resignation of Defense Secretary Johnson served as formal assurance to Chinese Communist leaders that U. S. definitely does not covet control of the island of Formosa for itself. Chinese sought action, not just words, as a guarantee of U. S. intentions.

Man is the merriest species of the creation; all above and below him are serious.—John Addison.

Plumber Works 17 Years at Hobby To Build Railroad

CRESTON, Iowa—Byron Hiatt has been working on his hobby for 17 years. In that time he has built a real railroad, complete with two locomotives, two freight cars, a mail and baggage car, a passenger car with an observation platform and four trestles.

He operates it for passengers on Sundays and holidays.

The train also has a box car and a caboose. The locomotives are about 8 feet tall at the smokestacks and about 36 feet long, including the coal tender.

Everything is built to scale, the result of Hiatt's handicraft. One of the four trestles on his route is steel reinforced and about 70 feet across. Another spans a gully about 80 feet wide. Hiatt has them numbered so passengers will know they are riding on a railroad line with four trestles.

Hiatt fell in love with railroading when he was a boy. After high school, he went to work for the Burlington railroad. In 1944, he decided to build a miniature train of his own. As a railroad pipe fitter, he had gained much of the "know how" for the job, so he started to work.

At \$2 a foot, Hiatt estimates he has invested about \$6,400 in roadbed alone, and that's just one of the less costly items. He assembled the locomotives from parts he made or ordered from machine shops. The track was bought from coal mines. The passenger and freight cars were used to advertise the Burlington railroad before Hiatt bought and rebuilt them.

There is a regular roundhouse and train shed arrangement in the center of the area where the train is parked during the week.

Most of the work on the railroad has been done before work in the morning or in the evening.

"I get up at 5 a. m. and work on the railroad about two hours," Hiatt explained. "That way I gain an extra day every week."

Spanish American War Vet Gets Paid After 46 Years

LA CROSSE, Wis.—It took a while, but soldier Richard Klaber finally got paid.

The army veteran received a check for \$374.30 to reimburse him for travel and subsistence expenses in getting home to Chicago after he was discharged from the army in Manila, P. I.

Klaber put in 10 claims before congress got around to appropriating the money to take care of his and other similar claims. Congress acted in 1945, 46 years after Klaber's first claim was filed. Klaber, you see, is 73 years old—a veteran of the Spanish American war.

American Soldiers Retain Right to Listen to Rumors

KOREA—Like in the last war, American soldiers are still holding on to their right to listen to and start rumors. In Korea they have a long list:

All United States troops will soon be withdrawn suddenly from Korea, and the air force will drop a number of atom bombs on the Communist forces.

United States troops will not leave Korea but will remain for 25 years after the defeat of the North Koreans.

All North Korean tank crews are either padlocked into their tanks or chained within them.

Other United Nations are sending a total of one million troops to help in the battle against the Korean Reds.

Other United Nations plan to send no troops to Korea.

North Korean troops are being promised one acre of land for every fifty Americans they kill.

North Korean troops are fighting with guns at their backs.

Spanking No Worse Than 'Yakyakking,' Expert Says

LONG BEACH, Calif.—At last one expert does not disapprove of spanking.

Dr. Frank Tallman in a report to the Southern California Society for Mental Hygiene, reports:

"The youngster understands the righteous wrath aroused in the parent because he's felt the same way himself. But despite this understanding no youngster really appreciates a spanking."

Spanking leaves a child "sore in skin and soul" and hostile toward the parent. "Cold, needless spanking" can breed resentment and harm, he said, advocating a firm but not too harsh attitude.

Spanking is no cure-all but neither is it worse than the practice of sparing the rod and "yakyakking" and explaining all the time," which can also breed hostility, he said.

Detroit Man Wins Freedom With One Lonely Penny

DETROIT, Mich.—Theodore Gordon won his freedom with a single penny.

When arrested for loitering he denied the charge in court.

"If you haven't got a penny in your pocket, you are loitering," the judge said.

Gordon dug through his pockets and produced one penny.

"Case dismissed," said the judge.

President asks \$6,000,000 for expansion of P. B. I. staff.

WT Places Fourth At NIRA Finish

Have you noticed Mr. Ted Reid, famous for his V. A. work, with a very proud expression. No wonder, and the entire West Texas campus has a right to be proud too, because the NIRA team and individual standings have been received.

West Texas State, with only one year of membership has worked up in the final year's tally with a score of 1068 points and fourth place. Individuals also well represented were Roy Reynolds, third in all-around cowboy competition, second in calf roping, and second in team roping; Keith Crawford, fifth in saddle bronc riding; Speck Crawford, third in team roping; and Earl Reynolds, tenth in team roping. This team gained a lot of support and help through the efforts of the other team members and their sponsor, Mr. Reid.

Mr. Reid has already declared that the 1950-51 team standing is going to be even higher and invited all rodeo hands and rodeo fans to attend a meeting in his office next Monday night, Sept. 25 at 7:30. Girls are invited too, because there is a definite place for girls in this fast growing Rodeo Association.

LIVING COSTS

Under at least partial influence of pressure built up by the Korean situation, the Bureau of Labor Statistic index climbed 1.4 per cent between June 15 and July 15, bringing the cost of living index to its highest level in almost two years, 170.2 per cent of the 1935-39 level on June 15 to 172.5 per cent on July 15.

A deal is cooking through which Communist China will get membership in the United Nations and a seat on the Security Council of that organization. As a price of membership, China's Mao Tse-tung will promise not to send his armies to fight on the side of North Korea, or on the side of Communists in Indo-China.

General Douglas MacArthur, Supreme Commander in Japan, definitely did not sell to the President, or to Secretary Acheson, his plan for including the island of Formosa in the U. S. Pacific defense line. Louis Johnson, chief Cabinet defender for the MacArthur viewpoint, signaled its rejection when he resigned.

Eugene Rabinowitch, professor of biochemistry: "In the case of a massive atomic attack the main problem will be . . . how to prevent the heart beat of the nation from stopping."

Albert Einstein, scientist: "Everybody and every group should do their utmost to help avoid the catastrophe our human world is facing."

Chinese Communist troops hold the Asiatic balance of power.

Woods-Parker Exchange Vows

Miss Nancy Woods, daughter of Mr. and Mrs. Wesley Woods became the bride of Walker P. Parker, son of Mr. and Mrs. DeWitt Parker of Tulsa, Sunday afternoon September 24, in the Groom Methodist Church. Rev. Conrad M. Ryan, pastor, read the single ring service at 3:00 p. m.

Vows were exchanged before an archway centered with wedding bells and flanked by baskets of gladioli and candelabra. White aisle posts marked the assembling place of the bridal party at the altar.

Mrs. Wm. A. Wagoner, organist, played "Indian Love Call" by Friml, "O Promise Me" by Scott and De-Koven, and "Traumerei" by Schumann. Wm. A. Wagoner sang "Through the Years" by Youmans and "Always" by Berlin. "The Lord's Prayer" by Malotte was played softly during the exchange of vows. "Wedding March" by Mendelssohn and "Bridal Chorus" by Wagner were used.

"The Song of Love" was played softly as Miss Laurel Knopp lighted the candles. The full skirt of her gown of lavender blue taffeta was caught into scallops with red roses. Her wrist corsage was of red roses.

Miss Evelyn Reed of Oklahoma City was maid of honor. She wore a white taffeta gown with headpiece of white net and satin and white lace mitts. Her corsage was of pink pinocchio roses.

Given in marriage by her father, the bride wore a gown of blue slipper satin styled with a fitted bodice, sweetheart neckline and front button trim. The sleeves tapered to petal points at her hands and fastened at the wrist with tiny buttons, and the skirt extended into a chapel train. Her light blue fingertip veil fell from a halo of ice blue satin and lilies of the valley. Her bridal bouquet was a colonel bouquet of white roses. She wore a pearl necklace, a gift of the bridegroom and pearl earrings belong to Mrs. Robert Summers, cousin of the bride.

Robert Summers of Amarillo was best man. Ushers were Bennie

Woods of Canyon and Joe Ray Hess of Groom.

For her daughter's wedding Mrs. Woods chose a kelly green gabardine dress with gray and black accessories. Her corsage was of yellow roses.

Mrs. Parker, mother of the bridegroom, wore a dawn gray gabardine dress with black accessories. Her corsage was of pink roses.

A reception was held in Fellowship Hall immediately following the ceremony. A wedding cake surrounded by pink roses centered the serving table which was laid with a lace cloth over light blue satin.

Pauline Parker of Tulsa, sister of the bridegroom, Elaine Mote of Tulsa, cousin of the bridegroom, Beula Shockley and Every Quirk of Groom served the guests. Mrs. Robert Summers of Amarillo presided at the bride's book.

For traveling Mrs. Parker chose a taupe gray nylon dress with green accessories and a white rose corsage. Mrs. Parker graduated from Groom High School and attended West Texas State College.

Mr. Parker was graduated from Tulsa High School. After serving in the army, he took a short course at A&M and began work as a dairy technician for D. H. I. A.

The couple will be at home nine miles northeast of Tulsa where Mr. Parker is now engaged in dairy farming.

MISCELLANEOUS SHOWER HONORS SUZANNE STEPHENSON

Wednesday afternoon the home of Mrs. Ed Harrell was the scene of a miscellaneous shower in honor of Miss Suzanne Stephenson, bride-elect of Dick Barrett.

Co-hostesses with Mrs. Harrell were Mesdames Ray Metcalf, Wayne Wirt, Walter Graham, J. A. Guthrie, Felix Pierce, J. A. Edwards, Jr., Richard Gidden, Clyde McElroy and Cecil Simms.

Greeting the guests at the door were Mrs. Harrell, the honoree, her mother, Mrs. Florence Stephenson, and Mrs. J. R. Barrett, mother of the bridegroom.

The entertaining rooms were decorated in blue and yellow, the bride-elect's chosen colors. The serving table, laid with a cut-work

cloth of linen, was centered with a floral arrangement of blue and yellow carnations on a reflector.

Presiding at the punch bowl was Mrs. Dick Ziegler, sister of the bridegroom, and Mrs. R. T. Furlow, aunt of the bride-elect, Mrs. Edd Bailey, aunt of the honoree, secured names at the bride's book, and Mrs. Newton Harrell played appropriate piano selections during the afternoon.

Approximately sixty guests called during the afternoon.

Mr. and Mrs. A. B. Russell have returned from a three-week vacation trip. They visited her brother in Astoria, Oregon, where they saw the Salmon Derby Display. The largest salmon caught weighed 50 pounds and 11 ounces. The lucky man received \$1100. They also visited in East Texas; on the return trip they visited Buckner's Orphans Home. At Rusk, Texas, Mr. Russell attended a reunion of his brothers and sister.

Invitations to the wedding of Leola Jones, daughter of Mr. and Mrs. Jewel Jones of Kingsburg, California, have been received by several in this community. On Sunday, October 1, Miss Jones will become the bride of David Stanley Powell in the Kingsburg Methodist Church at 4 o'clock. Leola is a former Randall County girl and attended West Texas Demonstration School the first several years of her school life.

Mr. and Mrs. G. B. Combs attended a reunion of the Wildorado Old Timers in Ellwood Park in Amarillo Sunday. Also a surprise birthday dinner was given for Ira Allred and his brother Burenice Allred of Wichita Falls. Many old friends from seven places including Hereford, Plainview, Borger, and Wichita Falls enjoyed a day of fellowship.

Mrs. J. A. Edwards, Sr., Mrs. Berl Mayfield and Jerome Edwards visited Mr. and Mrs. C. O. Edwards and Ronnie in Ralls Sunday.

Mr. and Mrs. George Nance returned Wednesday from Temple where they spent several weeks for medical treatment.

AMERICAN ASSOCIATION OF UNIVERSITY WOMEN

The first fall meeting of the Canyon Branch of the AAUW will take place Monday evening, October 2nd, at 7:30 at the home of Mrs. Joseph Findley, 400 10th St. All women in Canyon and neighboring communities who are college graduates are cordially invited to attend.

The speaker of the evening will be Mr. Cecil Massey who will discuss "Recreational Problems in Canyon and their solutions." Mr. Massey was brought to Canyon as recreational director by the Canyon Community Recreational Council, a council elected from representatives of all groups in Canyon interested in the recreational problems. Mr. Massey holds a B. A. and a M. A. from Baylor. He was a field specialist for the Rockefeller Foundation and received a grant from that foundation to study rural recreation problems in Texas. During this time he made a study and organized a program in Parker County, Texas. The fellowship was later extended through the National Theatre Conference to complete the project.

In addition to the speech, final plans will be made for the Clare Tree Major production of "Beauty and the Beast" which the Association is sponsoring on October 11, Wednesday, in the West Texas State Auditorium at 9:30 a. m. Study groups for the year will also be organized.

The American Association was founded in 1882 so that women who had had the privileges of good education could band together to exercise some of their responsibilities and to increase their knowledge of changing times. From that start have grown 1100 branches, and all women who are eligible are cordially invited to join the one in Canyon.

MRS. J. A. HILL ENTERTAINS SUE HITE CLUB WITH TEA

The club year for the Sue Hite Club opened Monday afternoon with a tea in the home of Mrs. J. A. Hill from 3 to 5. Mrs. Hill was assisted by the officers and hospitality committee—Mrs. Herschel Coffey, president, Mrs. Loyd Devin, Mrs. Burney Slack, Mrs. Crannell Tolliver, Mrs. Cliff Milnar, Mrs. Elmer Wooten, and Mrs. Frank Begert.

Arrangements of fall flowers and candles decorated the entertaining rooms. Year books were distributed.

Mrs. Tolliver presided at the tea service. Refreshments of open-face sandwiches, cookies, mints, and tea were served to Mesdames Charles E. Wright, Hatcher Brown, Borden Price, Levi Cole, W. E. Miller, Sydney Burgess, Dan O'Connor, K. L. Britt, R. D. Wheelock, W. A. Moore, John S. Humphreys, A. H. Prichard, W. A. Miller, F. D. Barnhill, Oscar Hinger, Truitt Smith, Virgil Henson, Jerry Newman, W. R. Wilson, Mitchell Jones, A. L. Walsh, A. G. Kieselbach, Robert P. Jarrett, Boone McClure, and Perry Bell.

The next meeting will be on October 9 in the club room of the Museum. Mental hygiene will be the program theme; Mrs. Mitchell Jones will review the book "Play Therapy."

FRANCES HOLMAN HONORED WITH BRIDAL SHOWER

Miss Frances Holman, bride-elect of Jack Bonds, was complimented last Friday evening with a bridal shower in the J. O. Parker home. Hostesses were Mesdames J. O. Parker, Elmer Oberst, Jr., P. L. Pitt, C. O. Elkins, Ralph Forrester.

Mrs. Cloya Knox secured names at the guest book.

"Advice to newly weds" was given to the honoree by each guest.

The honoree's colors of blue and yellow were carried out in decorations and refreshments. The serving table laid with a crocheted cloth was centered with an arrangement of yellow mums. Mrs. Hosea Foster, aunt of the honoree, presided at the silver service. Coffee, tea, and individual cakes were served.

Approximately fifty guests called or sent gifts.

JACK TAYLORS ENTERTAIN DEUCE CLUB THURSDAY

Thursday evening Mr. and Mrs. Jack Taylor entertained the Deuce Club in their new home. Beautiful garden flowers decorated the entertaining rooms.

High score winner was T. H. Lair, low score winner Mrs. A. M. Warren, while Dr. W. J. Wooten, Jr., won the traveling prize. Favors were little plastic umbrellas filled with nuts.

Shrimp salad, sandwiches, lattice potatoes, olives, cake and coffee were served to Mr. and Mrs. Robert Bellah, Mr. and Mrs. A. C. Haley, Jr., Dr. and Mrs. W. J. Wooten, Jr., Mr. and Mrs. Bernard Warren, Mr. and Mrs. A. M. Warren, Mr. and Mrs. T. H. Lair, Mr. and Mrs. W. W. Sternberg, Mr. and Mrs. W. C. Jarnagin, the host and hostess.

DAMRON HOME IS SCENE OF BIRTHDAY DINNER

Mrs. Douglas Damron honored several members of her family with a birthday dinner in her home Sunday. Those attending were Mr. and Mrs. Otis English and sons, Mr. and Mrs. Clyde T. Damron, Dimmitt, Mr. and Mrs. Clyde H. Damron, Mr. and Mrs. Bob Cook, and the host and hostess. Those celebrating recent birthdays were the hostess, Mrs. Otis English, Clyde T. Damron, and Mrs. Bob Cook.

Young Men Needed to Fill Jobs in State Positions

The Driver's License Division of the Texas Department of Public Safety has openings for a number of Texas' young men as Driver's License Examiners.

Homar Garrison, Jr., Director of the State Safety Department, announced today that his organization is accepting applications from qualified men to fill existing and potential vacancies caused by a number of the License Examiners being called into the armed services. He urged that men who meet the requirements and who are interested contact their nearest Driver's License District Office or write directly to Chief A. F. Temple of the Driver's License Division at Austin for application blanks, immediately.

Garrison listed the following qualifications as necessary for appointment to the positions: 21 to 35 years of age, inclusive; a minimum height of 5 feet 8 inches; weighing not less than 2 pounds or more than 3 pounds per inch of height; good physical condition; a citizen of the United States and a resident of the State of Texas for at least one year immediately prior to appointment; and, subject to an extensive moral and character investigation.

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Base pay for Driver's License Examiners, the Director stated, is \$240.00 monthly, with the added advantage of two weeks annual leave; low cost Departmental life insurance and group accident and sickness insurance for members and dependents; and benefits of the State Employees Retirement Plan.

Disabled Veterans Will Meet Monday

A meeting of the Disabled Veterans of Randall county will meet at the district court room in Canyon at 8 o'clock on Monday night.

NOTICE

The West Side Home Demonstration Club will meet with Mrs. R. C. Nichols for a covered dish luncheon and all day meeting on October 4.

Duane McAtee and the boy with whom he went through four years of naval training left Tuesday afternoon after a visit with Duane's grandparents, Mr. and Mrs. W. H. McAtee. The boys were released from the Navy two months ago and are employed at Spearman.

Mr. and Mrs. Kenneth Dozier and daughter Pat arrived Monday afternoon for a visit in the home of Mrs. E. N. Zachry. Mrs. Dozier is the former Norma Zell Zachry.

C. E. Crain of Childress, grandfather of Cristler Crain, passed away Tuesday. He would have been 86 on October 10. The funeral was held on Wednesday.

John Hunter, son of Mr. and Mrs. Roy Hunter, has returned home after a month in the Plainview hospital.

Mr. and Mrs. Carl Hair spent Monday night with the H. T. Wilchers in Plainview.

Mr. and Mrs. Porter Reeves and Dorothy visited in the Joe Cluck home in Dalhart Sunday.

Last Sunday Mr. and Mrs. R. D. Lowry attended church in Plainview and visited friends in Lubbock.

Mrs. Johnnie Gum and son Royce visited in the R. D. Lowry home last Thursday evening.

Mr. and Mrs. G. B. Combs visited Mr. and Mrs. A. C. West Sunday evening.

Mr. and Mrs. Al Grabbe returned last Wednesday from a vacation trip to Arizona.

Dean Donnell returned to work at West Texas Gas Company after a two-week vacation.

Bud Parker and Clark Jarnagin attended the football game in Lubbock Saturday afternoon.

Dr. Roy L. Johnson is in Wichita Falls this week assisting in the State Sunday School Clinic.

Mr. and Mrs. Carl Hair spent last week-end with his mother, Mrs. A. B. Hair in Dublin.

Charles G. Dawes, former Vice-President: "I don't believe in old men telling young men how to succeed."

Trygve Lie, U. N. Secretary-General: "I still believe that all the leaders of the nations today want peace."

William T. Farley, president Association of American Railroads: "The railroads helped to preserve our political unity while making possible the economic unity of the nation."

Syngman Rhee, president Korean republic: "I am not a soldier, but I feel very sure that victory will come very soon."

Thirty-two ships are ordered out of U. S. "moth-ball" fleet.

Thailand plans to send troops and material to Korea.

NOTICE TO BIDDERS:

The Panhandle-Plains Historical Museum will accept bids on or before October 10, 1950, on the following: One-fourth inch plate glass, free of waves, without ground edges. 11 pieces 49 5-16ths inches by 60 5-16ths inches; 2 pieces 49 5-16ths inches by 56 3-16ths; 1 piece 49 5-16ths inches by 70 7-8ths inches; 1 piece 49 5-16ths inches by 74 7-8ths inches; 1 piece 49 5-16ths inches by 81 7-8ths inches; 1 piece 49 5-16ths inches by 27 7-8ths inches; 1 piece 49 5-16ths inches by 29 7-8ths inches. Sealed bids may be submitted to C. Boone McClure, Director of the Museum.

BARGAIN RATES: During October subscriptions may be accepted at bargain rates with the Star-Telegram and Canyon News for only \$15.45 per year. Unless conditions change these rates will be withdrawn at that time by the Star-Telegram. Fighting a war is tough; newspaper going higher and getting scarcer; and printers being drafted for the armed forces. If you want a daily paper with The Canyon News, here is your chance at bargain rates, but good for October only. 30t5

Scientists Predict Healthy Age of 100 For U.S. in Future

NEW YORK—America's old folks will be healthier and happier in the next generation.

That's the report from Dr. Charles E. Dutches, medical director of Schenley laboratories and one of the nation's experts on geriatrics, the new medical specialty concerned with diseases of the aged.

"Medical science has added years to the human lifespan," says Dutches, "and now is in the process of adding life and vigor to the added years."

Modern medicine has made the age of longevity a reality, raising the average life expectancy nearly 20 years. Today there are over 11 million Americans in the 65-and-over age group, as against only 3 million in this category in 1900. Present estimates are that there will be at least 20 million Americans 65 and over by 1980.

This striking increase in life expectancy has been accomplished by a combination of new and potent medical weapons — such "wonder drugs" as penicillin and streptomycin, better care and treatment methods, and preventive medicine as practiced by the geriatricians.

According to Dutches, the next generation will see increasing numbers of healthy men and women of 100 matching the economic and social accomplishments of today's 40-year-olds.

"The chief threat to the aged at the present lies in the so-called degenerative diseases," explains Dutches, "which cripple and strike down people of 40 and over."

"Recent research indicates that arteriosclerosis, coronary thrombosis and degenerative diseases in general are caused by nutritional deficiencies. There is reason to believe that new drugs will soon be available to combat this disturbance of cellular nutrition."

But the Schenley executive does not believe the entire problem of happier and healthier aged can be solved by drugs alone.

"Old people must have a sense of participation and continued purpose in life," he says. "They must feel that they are useful citizens, not a burden on their family, friends and country."

Dutches believes that the experts in human and industrial relations must help the aged "in making a successful emotional adjustment to the oncoming years."

He feels, too, that a way must be found to employ the able-bodied aged in useful economic services.

"When we solve these problems," adds Dutches, "we will begin to realize the full potential of our longer lifespan."

Army Chaplain Gets DSC For Valor in Korean War

TOKYO, Japan — A chaplain has been awarded the distinguished service cross for his work in the Korean war.

Chaplain Herman G. Felhoelter, of Cincinnati, voluntarily stayed behind to give spiritual comfort and aid to seriously wounded men who could not be evacuated in the face of an overwhelming night attack by superior North Korean forces on the Kum river north of Taejon.

"When I last seen, Chaplain Felhoelter was still administering to the wounded," the army said. "He is believed to have been killed. His valorous deed was an inspiration to every member of the regiment."

Girl Wins Fight to Stay in Malay With Foster Mother

SINGAPORE — Thirteen-year-old Bertha de Hartogh, who grew up in the jungle, won a high-court appeal against a decision to return her to civilization in Holland.

The Singapore court of appeal reversed an earlier decision that the girl should be handed back to her parents, who left her with a native governess when they fled from Japanese invaders in 1942.

Bertha, one of six children of a Dutch army sergeant and his wife, grew up in a Malay jungle village with her foster mother, Aminah, after her parents were interned by the Japanese.

Released in 1945, the parents were unable to find the child. However, a traveler in northern Malaya saw her running naked with brown-skinned village children and reported her presence to authorities.

Man, Mule, Dog on Pulaski Skyway Cause Traffic Jam

JERSEY CITY, N. J.—Clarence Hornback wanted to go back home to Galesburg, Ill., and so he took the best highway he could find and caused the worst traffic jam in history.

Nobody told Hornback the Pulaski skyway, main road from New York to Philadelphia, wasn't for mules. So he started down it with his mule and dog.

Police found him shuffling along the elevated highway being trailed by a long, long line of cars. While police were escorting him off the road, the strap holding the pack on the mule let go. Assorted bundles scattered over the road. Policemen scurried around clearing up the debris. By the time the situation cleared, traffic had backed up about four miles.

Pork and beef prices are expected to decline in autumn.

Umbarger News

Mr. and Mrs. Joe Wiek and family spent Sunday in the John Beden home.

Mr. and Mrs. John Vorwald visited in the home of Mr. and Mrs. Rudolph Friemel.

Mr. and Mrs. Larry Loerwald and family visited in the home of Mr. and Mrs. Gene Loerwald.

Mr. and Mrs. Tony Rossi and Father Marthaler were guests in the Max Hoffman home.

Mrs. Conrad Westhoff and daughters spent Sunday in the home of Mr. and Mrs. Joe Wiek.

Mr. and Mrs. Ernest Stocker and family visited with Mr. and Mrs. Joe Frank.

Mr. and Mrs. Raymond Batenhorst spent Sunday in the home of Mr. and Mrs. Leonard Batenhorst.

Mr. and Mrs. Ernest Whalen and family spent Sunday with Mr. and Mrs. Bill Tucker of Dawn.

Mr. and Mrs. Lewie Raef and family visited in the home of Mr. and Mrs. E. W. Raef.

The Umbarger school boys played the St. Anthony's softball team of Hereford. The score was 15-17 in favor of Hereford.

Exchanging visitors: Johnny Batenhorst with Tommy Raef, Max Hoffman Jr. with Gerald Beckman, Marie Koch with Irene Batenhorst, Willie Artho with Johnny Beckman, Eugene Stocker with Marcel Fischbacher, Anita Fischbacher and Mary Hoffman with Deanna Stocker.

Mr. and Mrs. J. H. McMurray and Ona Mae have had visitors during the past two weeks. Those visiting in their home were Mr. and Mrs. J. A. McMurray of Washington, D. C., and their son Martin in Canyon. Mr. and Mrs. C. V. Foster and children C. V. Jr., Leona Mae, Joe Lyndon of Plainview; Mr. and Mrs. J. Lee Allen and children Barbara Ruth and Linda Lee of Canyon; Mr. and Mrs. E. H. McMurray and Linda Diane of Washington, D. C.; Mr. and Mrs. C. L. McMurray and son Pat of Tucumcari; Mr. and Mrs. Floyd L. Montgomery of Bovina. The two children and their families who were unable to be present were Colonel Paul H. McMurray of Washington, D. C., and J. O. McMurray of Abilene, Texas.

Venereal Likely Will Increase at Military Centers

Venereal infections, notably syphilis and gonorrhea, will probably increase sharply in cities and towns near military centers in the near future, State Health Officer Geo. W. Cox has predicted.

He urged all cities, especially those in which greater numbers of military personnel were expected, to intensify their efforts to control venereal diseases.

Experience during World War Two, the health official said, indicates that unless civilians become as concerned about the venereal disease problem as are military and public health authorities, there will "most certainly" be a great increase in venereal disease infections among men in uniform and in the civilian population as well.

"That doesn't mean all soldiers are destined for VD infection," Dr. Cox declared. "It means simply that vice conditions, poorly supervised recreational facilities, and an indifferent attitude on the part of the public are inevitable around military posts and all contribute to higher VD rates."

"These young men were only recently civilians," he pointed out. "They worked or went to school in communities no different than yours or mine."

He urged that they be provided with wholesome recreational facilities while "in your town. It will help make their lives in uniform a little less drab and monotonous."

The State Department of Health has been working for years in close cooperation with the military in controlling VD and other diseases affecting men in uniform.

"It's a very important part of the civil defense program," he said. "Disease can incapacitate a man quite as effectively as a bullet."

DEPENDENCY PAY

Dependents of service men covered by the new allowance laws will begin receiving payments early in December. The first checks will go out from the Army Finance Center, at St. Louis, about December 5th and will cover allowances for November. The new law provides allowances for \$45 to \$85 a month to dependants of enlisted personnel, who must sign over a part of their pay to their families.

ARMY RESERVES

The Army plans to call 9,770 reserve captains and lieutenants, including 205 chaplains in November. Another increment of 240 company-grade Army aviation officers will be called up by the end of December. The new calls will bring the total of reserve officers recently placed on active duty to 17,427 in the company grades.

BATTLESHIP NEW JERSEY

The Navy has announced that the U. S. S. New Jersey is being taken out of "mothballs" for reconditioning. The New Jersey, sister ship of the Missouri, is rated at a displacement of 45,000 tons. The Iowa and the Wisconsin of the same class still are in mothballs.

Banks told to push savings for defense to check inflation.

Mrs. Harry Gray, grandmother of Edith Neff, 2 Lt. in the U. S. Air Force, has received word that Edith is being transferred from Fitz Simons Army Hospital in Denver to Whellus Air Force Base, Tripoli, Libya.

Capt. Fred Hart of Binghamton, New York arrived Monday afternoon for a two-week visit with his parents, Mr. and Mrs. Silas Hart.

Karl Broadley, publisher of the Vega Enterprise, was in Canyon Friday. He is a reserve petty chief officer in the navy and expects to be recalled for service in a few weeks.

Recent visitors in the home of Mrs. L. J. McGehee were her nephew Tyler Harrison and family of Dallas, her sons Curtis and Kelley McGehee.

Mrs. R. L. Carter, Mrs. Zuba King, and Miss Joyce Carter of Amarillo spent Sunday in the Jim Carter home. Mrs. R. L. Carter is Mr. Carter's mother.

Barbara McDougal visited in the home of Mr. and Mrs. H. E. Garrett in Borger over the week-end.

W. S. Noland made a business trip to Plainview Monday morning.

Mrs. R. L. Blissard and Mrs. Allene Langford of Fort Worth attended the wedding of their niece Suzanne Stephenson Sunday.

Mike Morris attended the Texas University and Texas Tech game in Lubbock Saturday.

Mr. and Mrs. H. R. King, Jr., spent the week-end in Lelia Lake with his parents.

Max Bellah, student at the University of Texas, and Mr. and Mrs. Ellsworth Barnard and Rob of Claude were week-end visitors in the parental Alfred Bellah home.

M. B. Duke of Tulsa visited Thursday in the home of his daughter, Mrs. R. H. Jennings.

Now is the time to put out peonies and poppies. Stevens Floral. 3042

OUR DEMOCRACY—by Mat

"THE USED TOOL IS ALWAYS BRIGHT"

THERE IS AN OLD STORY ABOUT THE AXE THAT WAS IN ONE FAMILY FOR 150 YEARS—WITH THE HELVE REPLACED SIX TIMES AND THE HEAD THREE. IT'S AN AXIOM THAT MAKES SENSE.

TO KEEP A TOOL USEFUL, PARTS MUST BE REPAIRED AND REPLACED, AND PROVIDENT PEOPLE SEE TO IT THAT ALL THEIR POSSESSIONS—THEIR INSTRUMENTS OF SECURITY—GET THAT KIND OF CARE. THROUGH SAVINGS AND LIFE INSURANCE, AMERICANS MAKE UP FOR THE WEAR AND TEAR OF DAILY LIVING ON THEIR FINANCES, AND KEEP THESE INSTRUMENTS OF THEIR SECURITY ALWAYS SOUND AND BRIGHT.

STUDENTS

A record 32,903,000 students will be enrolled in the nation's schools and colleges this fall, according to the U. S. Office of Education. Elementary schools are expected to enroll 23,686,000, about 1,000,000 more than last year. Colleges will have an enrollment of about 2,700,000, down about 50,000. An estimated 2,800,000 children will enter the first grade, about 200,000 less than last year.

MENTAL LAW

The Federal Security Administration has submitted for the consideration of the States a new model law to cover the hospital treatment of persons who are mentally ill. The law, if passed, would clear away red tape for voluntary admissions to mental hospitals and safeguard against involuntary commitments.

REALLY SURE

They were going to visit a friend who had moved out into the country. "John," said the wife, "are you sure you know the way out there?" "I know it as well as your hand does the way to my pocket," he growled.

WORK OR FIGHT

Gen. Lewis B. Hershey, director of selective service, says the United States has got to find "7,000,000 men of critical skill and the capacity to fight." Urging draft boards not to defer men because of their skill, he declares, "If we don't find them (the 7,000,000 men), you won't have any industry anyway."

E. L. Smith, in newspaper letter: "The people of the earth are tired of war for a while."

World's Largest Treasure Lies On Sea Bottom

WASHINGTON—Of all the treasure in the world—that hidden in the treasure houses of potentates of the east and the rich men of the world, a greater treasure lies at the bottom of the sea in rotting ships.

Billions of dollars worth, probably, but only the tidy sum of \$600,000,000 seems to be accounted for by the historians.

This figure is based upon a survey of 70 old treasure ships, now fathoms deep, whose names, approximate locations, and cargoes have been authenticated.

Apparently only Davy Jones has full information about other rich vessels, notes the National Geographic society.

Staggering Losses

For instance, records are fragmentary concerning the gold laden Portuguese galleons which were sunk off the coast of Brazil. Many must have been lost because there is a discrepancy of \$2,000,000,000 between official records of gold and the amounts received in the home country.

The Spanish, too, had staggering losses. Their lumbering galleons were often easy prey for British and Dutch ships and the swift vessels of the ruthless Caribbean pirates. Half of the \$600,000,000 in known lost treasures consists of sunken Spanish loot from Latin America.

The Spanish lost the largest shipment of precious metal they ever transported. Archives of Spain and England set the value of the treasure at \$150,000,000 which stuffed the holds of a 17 ship armada. British and Dutch men of war sank all but one of these vessels in an action at Vigo Bay, Spain, in 1702. The attackers got \$10,000,000, and salvage companies of half a dozen nations have since recovered an additional \$20,000,000. The rest is 70 feet deep in the bay.

\$65,000,000 Lost

Raging storms probably claimed more Spanish gold than did the freebooters. There are scores of authentic instances where galleons with rich cargoes are known to have floundered.

A noted example is the fleet of 14 treasure ships which went down in a hurricane in 1715 off Long Cay, Fla., taking along \$65,000,000 in gold and silver. The Spanish salvaged \$1,500,000—only to have it hijacked by a British raider lurking near by.

The coastal waters of the United States hold plenty of treasure. One famous trove of \$4,000,000 went down with a British frigate in New York's East river in 1780.

Cotton Cloth Treated With New Compound Resists Dirt

DALLAS, Texas — A new compound known as "CMC," or carboxymethyl cellulose, is going to be good news for laundry-conscious mothers.

Treated with the compound, cotton clothes in the future will resist dirt. And, once they are soiled, getting them clean will be easy, requiring little scrubbing and less soap.

James A. Kime of the U. S. department of agriculture told the Cotton Research Congress of experimental results obtained with CMC, a low cost derivative of cellulose.

"About three level tablespoons of CMC per gallon of rinse water gives cotton goods improved oil resistance without changing the feel of the fabric," he declared.

Kime said CMC applied as a rinse, appears to coat cotton fibers with a smooth film that keeps dirt from coming in close contact with the fabric.

Cotton cloth treated with CMC and uniformly soiled with carbon black, Kime said, washed easily to its original color. Untreated cottons similarly soiled could not be washed cleaner than a dull, dirty gray.

Kime also reported development of a process to make cotton bags insect repellent. The paper industry, he noted, had cut heavily into this important field because multiwalled bags of paper were more resistant to insect penetration.

But cotton bags treated by the new process have "successfully resisted insect penetration and prevented spoilage of contents for as long as seven months under condition of heavy insect population," Kime said.

Airmen Decorate Barracks With Rugs, Shades, Curtains

ENID, Okla.—It's just a regulation GI barracks on the outside but inside enlisted men of Vance air force base live in private rooms with curtains on the windows and rugs on the floor.

With permission of the commandant, the airmen closed a wholesale deal with a lumber company, borrowed \$220, and partitioned the floor into 11 two-man rooms with knotty-pine walls and closets.

The venetian blinds, curtains, and other finer points of interior decoration came out of each individual's pocket but one satisfied resident said his new quarters "are nicer than my brother's in college."

Designer offers chignon hats to cover short bobs.

"GIVE ME A CAR THAT'S BUILT TO LAST!"

says Mr. James Patrick O'Shea of Chicago

"My big Dodge has everything...famous dependability...extra roominess...ease of handling! Any other car offering as much would have cost \$1000 more!"

GYRO-MATIC—AMERICA'S LOWEST PRICED AUTOMATIC TRANSMISSION
Dodge Gyro-Matic lets you set the gear for full power in mud, snow or steep hills—lets the engine "brake" your Dodge smoothly on long downhill grades. Available on Coronet models at slight extra cost.

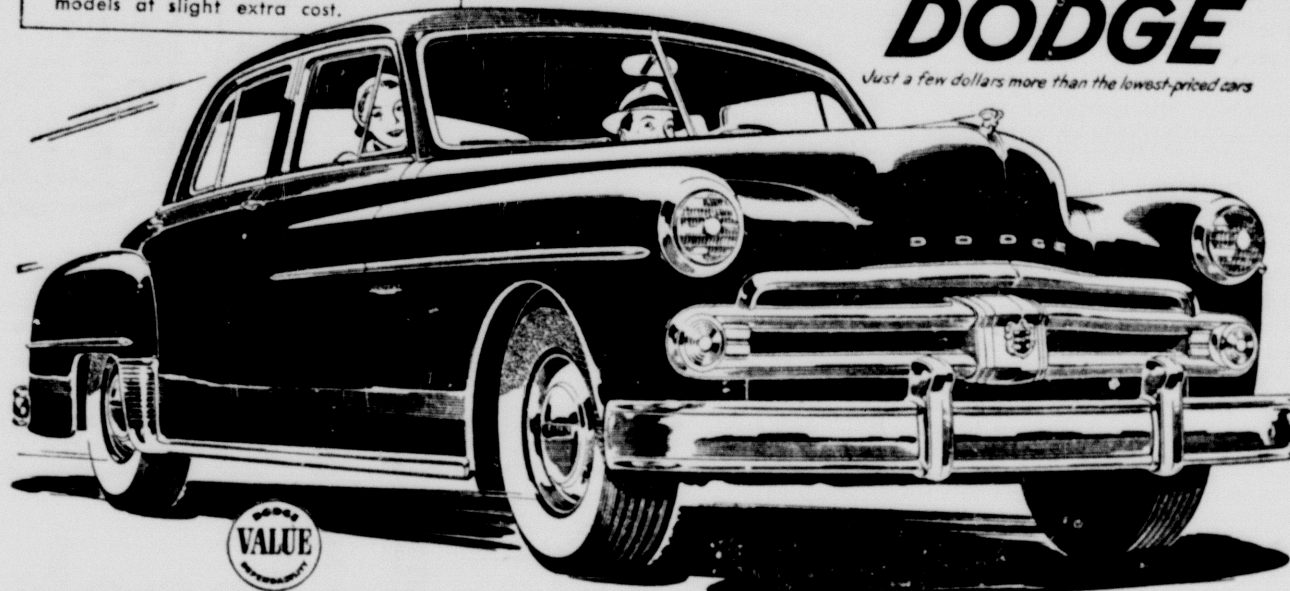

No other car can match the Dodge reputation for dependability. No wonder new Dodge owners say you could pay \$1,000 more and still not get all Dodge features... the economy, the performance, the extra spaciousness inside that means plenty of head room, leg room, shoulder room. The compact design outside makes traffic driving and parking a cinch.

You'll enjoy Dodge Fluid Drive—the smoother starts, stops, the smoother "going"—yours at no extra cost. Let today's big Dodge put you miles ahead, money ahead—for the years ahead.

Mr. Truman finds that Republicans in Congress are less belligerent toward Communist China. Experience in Korea raises a question whether China would be such a push over after all.

Twenty islands have been seized by South Korean Marines.

If Gen. Omar Bradley, Chairman of the Joint Chiefs of Staff, resigns soon after being given his fifth star as a General of the Army, Admiral Forest P. Sherman, Chief of Naval Operations, is in line to become Chairman of the Joint Chiefs.

Help Keep Canyon Clean!

Governor Thomas E. Dewey, if re-elected in New York, has indicated that he will work for a draft of Dwight Eisenhower for the Republican nomination in 1952 if it appears that the party does not want Dewey himself for a third time.

Army and Navy begin "screening" of dockers on Coast.

IF YOUR'E INTERESTED IN SAVING

TIME / MONEY / ENERGY / (and what woman isn't)

LEAVE IT TO YOUR ALL-ELECTRIC KITCHEN!

Time, energy and budgets are three mighty important considerations for the modern homemaker! Is it any wonder that more and more women prefer kitchens all-electric. For electricity is a miracle worker... especially in the kitchen. All the right appliances in correct labor-saving arrangements add up to more time for yourself, and your family. Less work, easier work... with results more satisfying. Besides saving precious time and energy, low cost, dependable electric service does its work at a very modest wage. The services of your range, refrigerator, dishwasher... and the many other components of your all electric kitchen costs but a few cents a day!

Your electrical appliance dealer will be happy to discuss an all-electric kitchen to fit your budget. See him today!

WEST TEXAS ON WHEELS

Another step in the direction of modern education has been taken by West Texas State College. A \$13,000 bus, modern in every respect, has been purchased from the Flexible bus company to be used to take WT students to and from Amarillo. The bus went into operation September 12. Acquired mainly for the convenience of those who commute daily from Amarillo, the bus will make stops in the more densely populated spots in town so that all students will be near the route.

Only West Texas students and faculty members will be allowed to ride the bus as it is strictly for college business. Tickets with several punches will be sold for those riding the bus often, and one trip tickets will be sold to those who will rarely desire the services of the bus. Cost of the tickets will be \$11.25 for 25 round trips and 55c for one round trip. Total cost for a semester for 100 round trips is \$45.00.

The bus will seat 35 persons comfortably, and is styled on the lines of the coast-to-coast bus line coaches. It has been painted in the school colors, maroon and white, and the school name has been lettered on the sides.

Beginning the route in Amarillo at 7 o'clock each morning, Monday through Saturday, it will reach the campus in time for the 8 o'clock

classes. The bus will leave for Amarillo at 12 o'clock noon and return in time for 1:30 afternoon classes. It makes the return trip in the afternoon at 4:30.

The route runs through San Jacinto, down West 6th to Tyler, South on Tyler to 16th, out 16th to Harrison, making a stop at the Amarillo Center, down Harrison to 23rd, out 23rd to Washington, down Washington to the highway and on to Canyon. If it develops later that a large number of students reside in an area not included on this beginning route, then it will be altered to accommodate them.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
September 24, 1925)

The News published a 16-page edition in honor of the coming annual Tri-State Fair on Sept. 26-Oct. 1. The college opened its 16th year with 634 students enrolled.

C. Shuman, contractor, is ready to pour concrete for the foundation of the Presbyterian Church.

Ross D. Rogers, manager of the Fair Theatre in Amarillo, was arrested Sunday afternoon for running his picture show on Sunday.

Ernest O. Thompson announced that the addition to his Amarillo Hotel was completed.

100 laborers are needed on the farms of Randall county, states J. S. McCormick, and none are available for work saving the big row crop.

A special train will run from Canyon to Amarillo Saturday for opening of the Tri-State Fair and the Buffalo-Clarendon football game.

Because his car slipped in the ditch north of Canyon and Mayor C. N. Harrison spent the night there, together with 50 other cars, he is out campaigning for a paved road between Canyon and Amarillo.

THE LET DOWN

For months he had been her devoted admirer. Now, at long last, he had collected up sufficient courage to ask her the most momentous of all questions.

"There are quite a lot of advantages in being a bachelor," he began, "but there comes a time when one longs for the companionship of another being—a being who will regard one as perfect, as an idol; whom one can treat as one's absolute property; who will be kind and faithful when times are hard; who will share one's joys and sorrows—"

To his delight he saw a sympathetic gleam in her eyes. Then she nodded in agreement.

"So you're thinking of buying a dog," she said. "I think it's a fine idea. Do let me help you choose one."

ALL LEARNED

A boy went to work in an engineer's shop, and after he had been there three weeks, announced his intention of leaving. His employer asked the reason, whether the hours were all right, and the money all right, and the boy replied:

"Yes, those are all right, but I don't like it, and I'm sorry I learned the business now."

FROM THE HILLS OF ABERDEEN

A taxicab passenger, arriving at his destination, paid the fare but did not tip the driver.

"You forgot something," said the driver.

"What?" asked the passenger in honest bewilderment, slapping his pockets and peering back into the cab.

"Your bagpipes," retorted the driver.

Hanson W. Baldwin, military expert: "Any attempted Communist invasion of Formosa would be a great gamble—particularly for the enemy but also for the United States."

MORTGAGE DEBT

In the first three months of 1950, according to the Securities and Exchange Commission, the nation's mortgage debt jumped \$1,000,000,000, compared with \$600,000,000 in the same period of 1949.

THE PRICE OF PEACE

Over the counter of the pawnshop a musician handed his violin with the brief comment:

"How much?"
The proprietor examined the instrument and then replied:
"One pound."
"One pound!" snorted the musician. "That's ridiculous! Why the neighbors offered me more than that."

JUDGING FORM

The results of the recent census should show that the population of the United States is about 15 per cent denser than it was 10 years ago. Judging from some of the things that people fall for, I had feared it was worse than that.

Invest Your Printing Money in Canyon

A Message to OLDER PEOPLE

You often do not get enough

**IRON and
B VITAMINS**
in your diet!

Yes, older people often eat a diet which is slightly deficient in B-vitamins and in Iron. Result may be Weakness, Underweight, Feeling below par, "Nerves," Fatigue. New Bexel Special Formula may be just what you need. Bexel is a scientific product which combines the important B-vitamins with Iron. Everybody knows the importance of Iron in your diet to help your body maintain rich, red blood. Just one capsule of Bexel Special Formula a day (that's

all you take) contains 5 times the minimum daily requirement of Iron. Also 5 times the minimum daily requirement of Vitamin B₁!

Money Back Guarantee

Bexel is offered to you on a money-back guarantee: take Bexel Special Formula for 30 days. If you don't agree that you feel really better, are your own bright-eyed self again, your money will be refunded in full.

The Joys of Eats Was Subject For Rotary Speaker

Paul O. Sampson talked to the Canyon Rotary Club on "The Joys of Eats." Sampson has been talking to luncheon clubs for many years, pointing out the defects in foods and the bad habits of eating.

Dr. Roy H. Reinhardt was introduced as a new member of the Club. Rev. A. B. Haynes, who leaves next Tuesday for his new home at Kerrville, was thanked for his sincere service to the club.

Sampson stated that white sugar was the nation's curse. 123 pounds per person is annually consumed, which is too much. In order to keep worms out of sugar, dilutions are used which makes white sugar a poor food.

Teeth are decaying six times faster than they should because people use too much sugar, and do not eat balanced meals.

Vinegar is even worse than sugar.

People give more attention to feeding hogs and dogs than they do to their children.

Never peel potatoes, carrots, apples, oranges, as the best part of the food is in the peel, stated the speaker.

Many of the common diseases may be traced to improper eating, stated the speaker.

Never use cocktail or fruit juices before a meal, but after the meal was his advice. Never use baking powder and soda in corn bread.

Visitors were: Capt. Fred Hart, A. B. Haynes, Jr., Wallace McIntyre, Rev. Winston Wilbanks of Canyon; Geo. H. Vineyard of Big Spring; Lowell Sharp, Earl Hendricks of Hereford; Irving Tolzien, C. F. Fielder, Jr., John Oakes, J. Harry Brown, Dr. J. H. Brown, Frank Storm, Sr., Frank Storm, Jr., George Aubach, W. H. Torrey, Bill Dooley, Forrest Barnes, all of Amarillo.

Mr. and Mrs. Mack Moncus of Randolph County, Alabama and their son, Mr. and Mrs. Albert Moncus, arrived Monday to visit with his sister, Mrs. W. M. Amason.

Hansel and Gretel

(Continued from first page)

"Professor" in Snow White last year. Louis Lee, is a nimble acrobat, the shortest of all the dwarfs reaching only 42 inches. He has been a featured attraction with leading circuses for the past 15 years. . . . Pussy Di Carmo, is also an acrobat and can spin on his head without his hands ever touching the floor. . . . George Thornton, last seen as known figure on the stage having "Grochy" in Snow White, is a well-known figure on the stage having been in show business for almost a half century and has worked with such notables as Al Jolson, George M. Cohan, Eddie Cantor both on the stage and in the movies and was the original "Mutt" in the show "Mutt and Jeff." George is the only living dwarf who has a real beard. He is 89 years old but just as nimble and quick as some of the young dwarfs who are only 50 years or so. Last but not least is Ray Holgate and everyone who saw his "Dopey" in Snow White will long remember his unforgettable portrayal of this not-so-smart brother.

Don't lose this opportunity to see these seven actors, this time not as a group of old miners whose only thought was to protect little Princess Snow White, but as a group of aspirants to the comic ballet in the musical stage show "Hansel and Gretel" coming to Canyon on Wednesday, October 4, 1:30 p. m. at West Texas State College Auditorium.

The complete production features a brilliant New York cast of actors, and no child will want to miss this musical show of "Hansel and Gre-

tel," one of the greatest of fairyland masterpieces.

Schools will be dismissed in order that the children may take advantage of this opportunity, it was announced by Supt. E. A. Wooten, and tickets will be on sale at the schools as well as at the door the day of the show.

This outstanding musical stage show of one of the most famous fairy tales ever told is being brought to Canyon under the auspices of All Saints Episcopal Church.

Tickets are 60c for children and \$1.20 for adults.

Mr. and Mrs. W. H. Stroud left Thursday for Shreveport, La., to visit their son Major Ogden Stroud and family. They went by Miami where Mrs. A. W. Gill, Mrs. Ogden Stroud's mother joined them for the trip. They returned home Monday.

Mr. and Mrs. W. R. Forflect spent Thursday night in the home of their daughter, Mr. and Mrs. L. T. Campbell. They were on their way to Colorado and Kansas to visit other relatives.

Mrs. J. A. Hill and Mrs. Lee Foster attended the executive board meeting of the Seventh District of Texas Federation of Women's Clubs in the Hilton Hotel in Plainview last Friday.

Rev. and Mrs. A. B. Haynes will leave Tuesday for Kerrville where they have bought a home where they expect to live in the future.

Mr. and Mrs. E. A. Perrin of Memphis, Tennessee, are visiting in the Roy L. Johnson home. Mrs. Perrin is Dr. Johnson's sister.

Miss Kathryn Lemly and Mrs. Lenora Graham of Dallas visited Mrs. Marvel Kirby Thursday through Monday when Miss Lemly left. Mrs. Graham, Mrs. Kirby's cousin, remained and will reside with Mrs. Kirby and work in Amarillo.

Mr. and Mrs. Joe Bryan and daughter Linda Sue of Bellflower, California, are visiting Mrs. Emma Foster and Miss Mattie Foster. Mrs. Bryan is Mrs. Foster's granddaughter.

Mr. and Mrs. Dan Higgins and son attended the Texas University and Texas Tech game in Lubbock Saturday afternoon, then spent Saturday night and Sunday with Mr. and Mrs. Joe Blocker in Crosbyton.

Mrs. Finis Hunter of Dimmitt and her granddaughter Marsha Markham visited in the home of her daughter, Mrs. Lonnie Rice, Friday night and Saturday.

Mrs. C. O. Cooper, Charles Cooper, Miss Mary Lee Cooper, and Mrs. Faye Johnson visited John Cooper and family in McLean Sunday. Mr. Cooper is Mrs. Cooper's son and Mrs. Johnson's brother.

Mr. and Mrs. Henry Cone attended the funeral of Jack Lyon in Amarillo Friday. Mrs. Lyon is Mrs. Cone's sister and will be remembered as Katherine Cheyne.

Mr. and Mrs. Travis White and daughter of Pampa spent the weekend in the home of her parents, Mr. and Mrs. George Barker, last week.

Mrs. Joe Carroll Dutton and son Mickey from La Junta, Colo., visited in the home of her parents, Mr. and Mrs. George Barker, last week.

Garland Butler and Carl Crow attended the Texas University-Texas Tech football game in Lubbock Saturday afternoon.

Mr. and Mrs. R. M. Barnett of Wellington visited in the K. E. Frieze home over the week end. Mrs. Barnett is Mr. Frieze's sister.

Mr. and Mrs. Tom E. Knighton, who are teaching in Olton, visited in the parental Tom Knighton and Dan Sanders homes during the week end.

Mrs. H. T. Wilcher of Plainview spent Tuesday in Canyon visiting friends.

Mr. and Mrs. John Hunter and Mrs. Smith visited Sunday afternoon in the home of Mr. and Mrs. J. Ray Hunter in Amarillo. Little Mike Hunter returned to visit with his grandparents until Wednesday.

Now is the time to put out peonies and poppies. Stevens Floral. 3012

THANKS A LOT FOLKS

We have had a good response to our last ad, but still have a number of vehicles to move from some old smooth running cars with a lot of mileage left in them, on up to the new Henry J, which will be in this week.

Still have another good 4-wheel drive pick-up and they really take this mud. Remember if it continues raining we even have a boat and it is a bargain. Also a truck bed for some one to haul this big grain crop off.

Would really appreciate it if we could get a few more of our accounts settled before long.

Again, Thanks a lot.

October Bride

Mr. and Mrs. W. M. Dickerson are announcing the engagement and approaching marriage of their daughter, Fay, to Max Bosley, Jr., son of Mr. and Mrs. Max Bosley, Sr. The wedding will be on October 15.

1925 BRIDGE CLUB MEETS WITH MRS. J. D. BARKER

On September 20, Mrs. J. D. Barker was hostess to the 1925 Bridge Club. Arrangements of beautiful fall flowers were featured throughout the rooms.

For tallies each guest was given a little pitcher.

A dessert course was served to Mesdames Frank Phillips, Jerry Newman, A. G. Kieselbach, Cliff Milnar, Leonard Britt, Milton Morris, Ray McReynolds, A. K. Knott, Aubrey Crossland, J. L. Dufflot, W. A. Warren, Glenn Dowlen, Hud Prichard, J. J. Walker, Newton Crain and J. Madison Daugherty.

Mrs. Milton Morris was elected president and Mrs. J. Madison Daugherty, reporter.

MRS. VIRGIL MARTIN HONORED AT TEA BY MISS ADA V. CLARK

Tuesday afternoon, Miss Ada V. Clark gave a tea honoring Mrs. Virgil Martin. A color scheme of gold and green was carried out in the decorations and dainties served from the tea table high lighted by a gold tea service.

Mrs. Martin was given a set of tea towels on which the hostess had embroidered the name of a guest on each towel. The guest list included Mrs. Charles Harter, Mrs. A. B. Holt, Mrs. Tommie Montfort, Mrs. Mary Sligar, Mrs. L. C. Moreman, Misses Ruth Lowe, Jean Moore, Marilyn A. Payne, Mae Simmons, Sarah Thompson and the honoree.

Defens ministers of Europe, when they meet in Washington in October, are to be given a demonstration of newest U. S. weapons that will be designed to remove doubts raised by experience in Korea. Other countries got the idea that U. S. officials were windjamming when they talked of new weapons. Wraps will be taken from latest models to ease doubts.

Noted Youth Leader Will Be in Canyon Oct. 1-6 Conference

CHESTER SWOR

Chester Swor, nationally known youth counselor, is coming to Canyon for a week of conference and addresses, Oct. 1-6, 1950, according to announcement of Dr. Roy L. Johnson of First Baptist Church through whose sponsorship the conferences were arranged.

Mr. Swor is not a preacher, but for several years has been on leave of absence from his English teaching duties at Mississippi College in order that he might fill speaking engagements with young people in college communities and at youth assemblies. His schooling, international travel, and deep understanding of today's youth problems make him well equipped for the service he is rendering so successfully across the nation. Since he appeals to the inner desires and needs of his hearers, he prefers to call his six-day series of addresses and conferences

by the title "Spiritual Emphasis Week."

Twice daily he will speak at the Baptist Church in Canyon, the early morning 40-minute meeting being at 7:15. A light breakfast of coffee, cocoa, roll or do-nut, will be served at 7:00 and at 8:00 for those desiring it. This service is designed for those who must be in school or go to work at the eight or nine o'clock hour. The evening meeting at 7:30 will have the added feature of a conference to answer questions which may be placed in a question box, and do not have to be signed. Other addresses included college and high school assemblies, and the Canyon Rotary club. Friends of all faith and no faith, especially young people, will enjoy the contact with this unique man whose radiant personality makes his hearers forget his physical handicaps which he so effectively overcomes.

PRICE OF PLEASURE

Dumus the younger was once recognized by a cabman he hired, and when it came time to pay the fare, the cabby refused, saying he would not accept payment from such a great artist.

"But what can I do for you, my good friend?"

"Well, I have here a little play I have written, and if you could just read it over—"

Thereafter Dumus always paid.

POLIO
The epidemic of poliomyelitis this year is not expected to reach the record set in 1949, although the peak polio period is just approaching. Up to September 1st, 11,846 new cases had been reported, compared with 20,531 for the same period last year.

MILK PRICES

The Agriculture Department has predicted that wholesale prices to farmers for all milk will rise seasonably throughout the rest of this year, resulting primarily from higher fat content of milk, an increased proportion of milk used in Class I outlets, and scheduled increases in prices of milk for fluid consumption.

POPULATION

Preliminary census returns indicate that, as of April 1st, the population of this nation was about 152,200,000, which is about 1,100,000 more than had been previously estimated.

November Vote Next Important to Korean War

An event of importance second only to the war in Korea is soon to take place in this country—the November general elections. And if precedent is any portent, about half the eligible voters will stay home on election day. If that happens, it will simply mean that the best organized and most aggressive minority can impose its will upon the American people. The danger becomes greater as the government becomes larger and more powerful. Regardless of the party label of the Administration, politicians will try to stay in office. As the activities of government expand, the evil of patronage expands in direct proportion. In a thousand

ways pressure is brought to bear upon larger and larger groups of voters—job promises, funds for local projects, legislative favors. If a Congressman or Senator resists these abuses of trust as a matter of principle he is hooted down by the "realists." A few months ago that very thing happened when Senator Paul Douglas futilely offered amendments to cut some of the wasteful patronage out of the \$1,565,000,000 rivers and harbors bill. In the words of a press report, "Each amendment was greeted with raucous laughter. Each was howled down, and some of the loudest shouts were from those Republicans and Southern Democrats who moan most about economy between appropriations bills. Only one voice was raised in support of Douglas—by Democratic Senator Harry that, unless whittled down, the rivers and harbors bill eventually would cost the nation \$30,000,000."

It is easy to see, in the light of an event of this nature, why the general elections this fall are of grave importance. The vested interest in big government has reached the point where nothing but a record turnout of public spirited voters can alter the trend. There is encouraging evidence that an unprecedented effort is being made to get out the vote. Thousands of rural newspapers are taking part in a nationwide get-out-the-vote campaign. Retailer organizations, labor and business groups are working to stimulate interest. A Denver businessman, after questioning Colorado businessmen and finding that over one-third were not even registered voters, launched his own get-out-the-vote project. This illustrates a curious phenomenon that accounts for the long tenure of so many irresponsible officeholders. Millions of Americans who bear the major tax burden of supporting government show the least interest in going to the polls. Their default is the principle reason why an aggressive minority may decide the fate of the nation in years to come.

Uncle Sam Hard Taskmaster With Average Citizen

Washington D. C. has become a hard taskmaster. The hundreds of billions of dollars it collects from the people come from earnings that represent the profit of industry and labor. Yet a stranger to the country, listening to its attacks on industry, would think that business was an enemy of the government rather than its primary source of support. An example of the Washington attitude toward industry is seen in the Justice Department's suits for alleged overcharges by the nation's railroads during World War II. During the war, government authorities were empowered to arrive at rates with the railroads, which they did, generally at lower figures than those charged private shippers. Freight shipments were made by the government at these rates and the government collected nearly two billion dollars in taxes on the income derived by the railroads during that period.

Now the government claims the rates it authorized were too high, and wants its money back. If the Justice Department wins its suit, many railroads will be in bankruptcy. And will the Treasury Department pay back the millions that would be due in tax refunds?

What will become of the savings of hundreds of thousands of citizens who are stockholders in the railroads? Would such disregard of agreements be tolerated between private citizens?

Yes Washington is a hard taskmaster. It makes the "soulless corporation" and "big business," which it berates but from which it takes the last ounce of flesh in the shape of taxes on earnings, look like a Fairy Godmother by comparison.

Borger Will Hold Fair Oct. 16-21

Announcement has been sent to The News that Borger will hold its annual fair on Oct. 16-21. Press Day has been set for Oct. 20 at which time all newspapers and radio workers will be entertained.

Russian Sentry Hides as English Remove Big Bomb

BERLIN, Germany—There was one bomb in the center of Berlin that the Russians wanted nothing to do with—in fact they insisted it was a British responsibility.

Workmen restoring the old Tiergarten, Berlin's most famous park, uncovered the 1,000-pound relic of World War II.

It lay just 150 yards from the massive memorial the Russians erected in 1945, just inside the area which became the British sector, to Red army men who died in the storming of Berlin. The fuse was damaged, complicating the problem of handling and removing it.

Three days of negotiations with the Russians followed. The Russians said it was a British responsibility, because the bomb lay in the British sector, but insisted the memorial must not be affected.

German and British bomb experts advised that detonation at the spot would buckle the marble columns of the memorial, and recommended moving the bomb.

Russian officers said moving the bomb would be dangerous. They asked British engineers to sign a guarantee that the memorial would not be damaged.

The British insisted it could be moved safely and finally the Russians agreed to the attempt.

British air force demolition men hooked a steel wire, 100 yards long, to the bomb at noon today and gingerly lugged it 200 yards farther away from the memorial.

The Russian sentry quit his post in front of the memorial and hid behind its big columns while this was going on.

The R.A.F. squad covered the bomb with several hundred sandbags and some bales of straw and hooked up a dynamite fuse. In mid-afternoon they touched off the bomb. Its roar was heard for miles.

The Soviet sentry went back to his post as the dust cleared.

Chips off the Old Rock—But It Was Plymouth Rock

PLYMOUTH, Mass.—A chip off a rock cost a Dartmouth college student \$25. But the rock was Plymouth Rock, stepping stone of the Pilgrims.

Albert Leclair, Jr., was fined after pleading guilty of "malicious injury."

Judge Amedeo V. Sgarzi lectured young Leclair against damaging "a sacred rock with which the whole country is concerned."

Leclair was arrested when residents complained that a young man on top Plymouth Rock was trying to chip it with another rock.

Tin Can Seen as Prime Influence on U. S. Life

The ordinary tin can has earned itself a place alongside the automobile, telephone, radio, and electric light as a prime influence upon the pattern of daily living.

So declares the American Can company in reporting that the average U. S. family last year opened about 750 cans of food and non-food products. Total consumption for the year was 30 billion metal containers, of which two-thirds were used for foodstuffs.

The consumption of canned foods alone has increased 10-fold since the beginning of the century—from approximately two billion cans in 1900 to around 20 billion last year, the firm said.

The use of metal containers for non-food products such as paint, beer, motor oil and tobacco has grown at an even faster rate—to an annual consumption of close to 10 billion in 1949.

Analyzing the effects on various products, the company said the big jump in use of canned products had not diverted items from other markets but had enlarged existing outlets and frequently developed completely new cash outlets for basic crops and other products long in use.

Lions, Tigers Like Catnip Just Like Household Pets

CHICAGO—Lions, tigers and leopards love catnip—just as much as the family cat.

A bushel of catnip was tossed into the Lion house at the Brookfield zoo by Director Robert Bean—just to see if anything would happen.

The animals responded with an assortment of capers and catnips that amazed even Bean. They behaved like overgrown kittens. And like cats, they appeared very fond of the catnip.

Tommy, a 160-pound Indian leopard regarded as dangerous, appeared to be trying to giggle. He sniffed the herb, rolled on it, and then staggered around drunkenly with a spray draped over one ear.

Three brother lions—Roger, Colby and Herman—acted very alley cattish. Roger howled; Colby chased his tail; Herman rolled on his back, gazed dreamily at the ceiling and gurgled.

Two surly Bengal tigers, Prince and Duke, attempted tricks after taking a few whiffs of the catnip. Duke tried to stand on his head, right in the catnip.

Prince, leaning groggily in a corner, did setting up exercises. He took another sniff and offered to shake Bean's hand. Bean declined.

Man is a burlesque of what he should be.—Schopenhauer.

Everyone Asked To Sacrifice But the Government

A great many people noticed a glaring omission in President Truman's recent radio broadcast setting forth the steps which must emergency. He said: "This defense program cannot be achieved on the basis of business as usual. All of us—whether we are farmers, or wage earners or businessmen—must give up some of the things we would ordinarily expect to have for ourselves and our families. We are all in this situation together. We must be prepared to accept some reductions in our standards of living."

Mr. Truman merely stated what the average individual expects to do in times of stress. The thing he completely failed to mention was any retrenchment in the reckless domestic spending of the Federal government and every bureau connected with it.

The defense program and the morale of the taxpayers, who are being bled white, would be greatly encouraged if some of the public servants in Washington would ask for a cessation of "politics as usual" when they ask for cessation of "business as usual." It is no sacrifice for any business or any family to scrimp and save and do everything they can to help provide for their boys who are taken by the armed forces. But it is a tremendous sacrifice to scrimp and scrape and cut down on actual necessities in order to pay taxes to maintain an ever-growing army of bureaucrats and public officials who are constantly looking for new ways to spend money for domestic schemes which put the government deeper into business at the expense of the private citizen.

The President's talk lacked the ring of sincerity when he failed to include government in his demand for so-called "sacrifices" and "reductions in our standard of living."

Eagle's Tale 25 Years Young Soaring Wings in 7th Year

Publication of the Eagle's Tale speeds into its twenty-fifth successful year this fall, and staff members for the seventh edition of Soaring Wings, high school yearbook, are being chosen.

Twenty-five years ago, on October 26, 1926, the embryonic edition of the Eagle's Tale greeted students and citizens with Roger Shook as editor. Previous to 1926 the paper had been known as Canyon Public School Notes, to which interested students and teachers contributed articles. The name—The Eagle's Tale—was chosen by a slim margin of only one all-important vote over the Eagle's eye.

A 1932 edition of the weekly chronicle states that a new school song was adopted in the fall of that year. The song is in use today.

SCHOOL SONG

Our hearts are filled with gladness
And pride in Canyon High
We'll play the game the live-long
day;

Dishonor ne'er draws nigh.
We'll spend our lives in serving,
For she has taught us how.
So here's our pledge: we'll give our
best.

For Canyon High School now.

Printed in the same issue was the 1932 football schedule, in marked contrast with that of 1950. Hereford was met twice, once for the annual game and again for the chance to play McLean, vying for the District Two championship. The Eagles won over Hereford, but were defeated by McLean, the only loss of the season.

In 1942-43 the paper attained well-earned glory under the able editorships of Johnny Harter and Martha Jean Dowd. Two first places were won at the convention of the P. H. S. P. A. Manus Foster topped the field in the "best sports story" contest, and the Newspaper Service Award was won by the Eagle's Tale scrapbook. An additional All-Texas rating in the Page-in-Local-Paper division of the T. H. S. P. A. contest was an award for journalistic achievement by staff members.

Jo Parker and Melva Martin steered the journalistic ship in 1949-50, a few of the most vividly remembered events featured were renewal of the Honor Society, introduction of Driver Training to the curriculum, and the state basketball championship of the Eagles.

Six glorious editions of Canyon High School's annual, Soaring

Wings, have come off the presses, and staff members to produce the seventh are being selected.

The first Soaring Wings, that of 1945, was dedicated to the exes of Canyon High in the military services. The motif of the entire book was military, carried out in red, white, and blue sectional headings. The patriotic endeavor was edited by Ellen Sanders, and was comprised of 35 pages.

After four additional years of steady growth, the 1950 edition was guided to prompt completion through the abilities of Mary Ruth Hill and Donna Erwin. Packed with interesting features and dedicated to Superintendent E. A. Wooten, the babe of yearbooks had developed into a fat 54 pages, exclusive of advertising.

Juniors Begin Magazine Sales

Radios, watches, and pen and pencil sets tantalize junior magazine-selling teams toward attaining their respective goals in the annual junior activity. The contest began September 25 and will continue through October 9.

The class has been divided into four teams. Team captains for numbers one and two are Carol Howard and Bettie Graham, respectively. Joyce Payne heads number three, and Charles Donnell number four. Business manager of the entire undertaking is Barbara Beck, and her assistant is Richard Sanders.

Prizes will be awarded to outstanding salesmen. The one who makes the highest sales the first day will receive a Fineline pen and pencil set, and top man on Thursday will get as many nickels as he can grab from a bagful. If the first goal of the class is met, the junior with the most sales to his credit will have his choice of a Bulova watch, a Philco radio, or \$25 in cash. If second and third goals are reached, second and third highest salesmen will be awarded similar prizes. Each student who reaches his personal goal will participate in an ice cream party.

Magazine sales are conducted annually by the juniors through Curtis Publishing Company.

Johnson President

Don Johnson, a three year member of the F. F. A., was elected President of the Hereford District F. F. A. organization during a meeting held at Dimmitt, Texas on Wednesday 20, at 4:00 p. m. Those attending the meeting were Don Johnson, Stanley Lair, Landon Barrett, Donnie Stroup, and Mr. R. L. Devin.

Don was elected on the basis of knowledge of F. F. A. work, participation in its activities, and the Supervised Farming program.

His project was broiler chickens, beef cattle, and wheat. Don is a three year member who served as President of the District Winning Chapter Conducting Team last year and Treasurer of the chapter this year. He is a senior, member of the National Honor Society, Treasurer of the Senior class for '49-'50, and Secretary for '50-'51.

Mr. Devin was chosen as President of the Hereford District Teachers Organization of Agriculture during the same meeting.

CONSUMER CREDIT

Consumer credit was at an all-time high in July, the last month for which figures are available—\$20,300,000,000, a rise of 660,000,000 over June and \$4,100,000,000 higher than a year before. Installment credit amounted to \$12,600,000,000, a gain of \$3,200,000,000 over July, 1949.

Grocery executive calls food shortages "ridiculous."

Due to the unexpected problems brought about by the starting of a glorious new school year, I am forced to answer a few of the letters I have received in order to lighten your troubled brain-cells.

"Aunt Mahitable."

Dear Aunt Mahitable,

I have a very serious problem.

When I get up each school morning following a night of prolonged, brain-cracking study, I have trouble preparing myself for school. I find it extremely difficult, with eyes bulging and often crossed, to distinguish one shoe from the other. To determine which end of the toothbrush to use, striped or spotted, is also a definite handicap to dressing.

What shall I do?

Worridly,

Ray Burrus.

Answer: Dear Worrid,

If your teachers were not in such a bad mental state they would not give you so much homework, which seems to be the basis for your trouble. However, that is something we just have to put up with.

Your strange condition can be relieved. Carefully peel a thin layer of heel from a midget loaf of Preshe bread and apply under all ten toenails three times daily or after each meal. Success depends upon your following these directions to the letter.

Dear Aunt Mahitable,

Deeply troubled am I. Furthermore, I have been so for three days. The other afternoon Mrs. Cecil Simms told my English class to use "ineffable" as a very complimentary adjective when "whispering sweet nothings" to our sweethearts. Last night I followed her advice, and through a misunderstanding, I suppose I was slapped. Now she won't speak to me. "What happened?"

Your enamored admirer,
Bob Busted.

Answer: Dear Enamored One,

Your problem is a serious one but can be handled by careful preparation immediately preceding each date. Two hours before arriving at "Slapping Susie's" sitting room, fill the bath tub three-fourths full of hot water, testing its heat by dipping in one and seven-eighths inches of your left elbow. If skin remains, you are now ready to take a thirty-minute, tissue relaxing, "sitz" bath. Following this, anoint scalp with Wildroot Hair Tonic and brush front teeth with Ammoniated toothpaste. Generously apply Brushless Burma Shave and if your troubles still persist—"Go STAG."

That is all for today, but do not be so unhappy, "I shall return!"
Your "Aunt Mahitable."

Student Teachers Arrive in School

Student teachers from West Texas State College have arrived to help teach the students of Canyon High School for the first semester in their various courses.

The student teachers are: In English, Mrs. Bell Latimer, Mrs. Leroy Reeves, Mr. Norman Grigsby; in social science, history and civics are Miss Odessa Saunders, Mr. E. B. Reeves, and Mr. John Boling; in bookkeeping, Mr. Jo Bremer and Mr. Earl Peppard; in drivers education, Mr. H. J. Carr; in typing, Miss Jane Cole and Miss Joan Ritchey; in general math, Mr. Ky Sherrod; in speech, Mr. Cecil Boykin; in music, Mrs. Laverne Seftir; in industrial arts, Mr. Cecil Hamm; and in the physical education department are Miss Lila Robason, Mr. Bruce Womack and Mr. Leon Chapman.

Grade Notes

Six students from Canyon Grade School represented Canyon in a contest Saturday over KGNC.

The sextet was composed of: sixth grade, Jerry Parker, Sandra Hines; fifth grade, Mac Boswell, Dana Wilbanks; sixth grade, Leo Rigby and Anelle Dugan.

The students were accompanied to Amarillo by Mesdames Huvelle Brasher, Isabel Cousins, Hazel Walsh, Audrey Jones, Mary Sue Iverson, John Davis.

Each question was worth one hundred points and Canyon gained 733 to Amarillo's 650.

The team brought back a Rand McNally Atlas. Each student individually won an Eversharp.

AMPUTEE AUTOS

Congress has completed action on a bill continuing for a year the Government's program of buying specially equipped automobiles for amputee war veterans. The measure authorizes an appropriation of \$800,000 for this purpose with a limit of \$1600 that the Government could pay on any automobile.

Help Keep Canyon Clean!

Canyon Eagles First Victory---- Defeat McLean Tigers 7-6

Canyon Eagles scored their first victory Friday night on the McLean Tigers field at McLean. Dressed in white playing suits with blue numbers the Eagles sported a classy team.

Harrell Slack scored for the Eagles in the first quarter on a pass received in the end zone and thrown by Garland Butler. The try for the extra point was good, having been kicked by Garland Butler. The McLean offense could not score against the Eagles in the first quarter.

Early in the third quarter Harrell Slack raced forty-one yards for a touchdown which was nullified by an off-sides penalty against Canyon. The Eagles threatened again in the fourth quarter when Ray Burrus snagged a pass from Butler and stepped out of bounds on the two yard line. Canyon was unable to score and lost the ball on downs.

McLean's lone tally came in the last quarter with L. M. Watson smashing over from the eleven yard line. The try for the extra point

failed. Watson entertained the crowd of 1500 with his fine running, passing, kicking and defense.

Outstanding defense players for Canyon were Robert McClendon, left halfback; Stanley Schaeffer, left guard; and Dwaine Currie, right guard.

Next week the Eagles are host to the strong Sudan Hornets. The Hornets, a class "B" school have an uncrossed goal line against tough competition.

Canyon Takes Top Honors

Canyon F. F. A. boys took top honors at the Tri-State Fair in Amarillo. Places given to the boys in the open show division were:

Holstein Senior Calf Heifer: Raymond Hinders, 2nd; Duane Howard, 4th; Tommy Middleton, 6th; Larry Prater, 7th.

Shorthorn Junior Yearling Heifer: Tom Wright, 6th, in open class.

Hampshire Senior Sow Pigs and Junior Champion Sow in the open class: Richard Perkins, 1st and 2nd.

Holstein Junior Livestock Division: Raymond Hinders, 1st place Senior Yearling Heifer, and Duane Howard, 3rd; Tommy Middleton, 4th; Larry Prater, 5th.

Junior Livestock Division of Milking Shorthorns: Tom Wright, 3rd in Senior Yearling Heifer class.

Junior Heavyweight Hampshire Class: Richard Perkins, 1st and 2nd.

Marvin Cornette, an ex-graduate of Canyon High, who is still a member of the F. F. A. won 1st place with his Poland China Junior Sow pig; Junior Champion Sow; and Grand Champion Sow in the open class.

In the Duroc class Marvin had the 1st place Junior Boar pig; 1st and 2nd Junior Sow pig; Junior Champion Sow; Grand Champion Sow; 1st place Get of Sire; 1st place Produce of Dam in the open class. In the Junior Duroc Jersey Single Lightweight and Heavy weight classes Marvin had 1st and 2nd place pigs. He also took the 4th place with his pen of Three Durocs.

Driver's Training Program Pontiac

Canyon High has received three new dual-control cars for use in the driver's education course in the past twelve months. The newest one is an eight cylinder, four door, light gray, Pontiac sedan.

The car was donated by contract from T. S. Stevenson, Jr., who is Canyon's Pontiac dealer. He has installed such accessories as a radio, gray seat covers, heater, traffic light finder, dual controls, and many others.

The car and all students driving have been insured for public liability, collision, and property damage by the Canyon School District. The school services the car and keeps it in good mechanical working order.

Mr. Ray Schultz, instructor of the driver's education course, is assisted by two student teachers, H. T. Carr and Billy Whitfield. Mr. Schultz takes six of the students in the car to practice driving, while the students in the class work on notebooks.

By this method the students are able to get more practice on safe driving.

Mary Ann Bellah-Thomas Keeling Exchange Vows in Home Ceremony

MRS. THOMAS REID KEELING

Sunday afternoon at 4:00 Miss Mary Ann Bellah, daughter of Mr. and Mrs. Alfred Bellah, became the bride of Thomas Reid Keeling, son of Mr. and Mrs. W. D. Keeling of Eunice, New Mexico. Rev. Hubert Thomson of Amarillo read the double ring ceremony.

Vows were exchanged in the home of the bride's parents before the mantel which was flanked with candelabra and baskets of white albatross mums. An arrangement of large pink mums and pom-poms centered the mantel.

A prenuptial prelude by Max Bel-

lah, brother of the bride, included "I Love You Truly," "Always," "I Love Thee," "Some Sunday Morning," and "One Alone." Accompanied by Mrs. Glen Dowlen, Mrs. Thelma Fulton sang "Because" and "My Hero." "Clair de Lune" was played during the ceremony. The traditional wedding march was used.

Candlelighter Miss Dona Fern Keeling, sister of the bridegroom, wore an aqua taffeta dress styled with a fitted bodice and a tiered skirt. Mrs. Tom E. Knighton, bridesmaid, and Mrs. Ellsworth Barnard, sister of the bride, and matron of honor, wore dresses of aqua and deep rose taffeta styled identically with Miss Keeling's. Their bouquets were of aqua and white chrysanthemums, respectively.

Bobbie Bellah and Rob Barnard, nephews of the bride, formed an aisle with satin ropes from the stairway which the bride descended to the mantel.

Donald Campbell served as best man. Ushers were Ellsworth Barnard and J. C. Bellah, brother of the bride. Robert Bellah, brother of the bride, was groomsman.

Given in marriage by her father, the bride was lovely in a gown of imported Alencon lace styled with a jewel neckline and fitted sleeves terminating in points over the hands. The full skirt extended into a chapel train. The finger tip veil of imported English illusion was attached to the handmade bonnet style tiara of lace studded with seed pearls. She wore a string of pearls, a gift from the bridegroom. She carried a white orchid and stephanotis over a white Bible. For something old she wore a bracelet belonging to the bridegroom's grandmother.

For her daughter's wedding Mrs. Bellah chose a burgundy crepe dress complimented with brown accessories. Her corsage was of white gardenias.

The bridegroom's mother was attired in a forest green velveteen dress complimented with bronze accessories. Her corsage was of yellow roses.

Immediately following the ceremony a reception was held in the home of the bride's parents. The bride's table was covered with a white satin, orchid design table cloth. At each end of the table was a crystal epergne candelabra with three white tapers. The attendants' bouquets centered the table. Mrs. Robert Bellah, sister-in-law of the bride, served the three tier wedding cake. Miss Fern Zimmer poured the punch.

For a wedding trip the bride selected a dark brown suit with brown accessories and an orchid corsage. After October 1 the couple will be at home in Eunice, New Mexico.

Mrs. Keeling graduated from Canyon High School and attended West Texas State College where she was a member of the Delta Zeta Chi Sorority. Last year she taught in the Eunice Public Schools.

Mr. Keeling graduated from Eunice High School and has served in the Marine Corps. He is now employed with the Shell Pipeline Corp. in Eunice.

Out-of-town guests were Mr. and Mrs. John Denman of Lubbock, Mr. and Mrs. J. W. Ross of Seymour, and Mr. and Mrs. Frank A. Giles of Hereford.

MR. AND MRS. J. O. PARKER ENTERTAIN DINNER CLUB

Mr. and Mrs. J. O. Parker were hosts to the Dinner Club Wednesday evening. Dinner was served to guests Mr. and Mrs. Lee Foster and to members Mr. and Mrs. Hosea Foster, Mr. and Mrs. Houston Bright, Mr. and Mrs. Gordon Lyons, Mr. and Mrs. M. J. Newman, Mr. and Mrs. Milton Morris, Mr. and Mrs. Robert P. Jarrett, and the host and hostesses.

Dinner was followed by bridge; Mr. and Mrs. Gordon Lyons won high score.

BLUE AND PINK SHOWER HONORS MRS. RAY SCHULTZ

Mrs. Ray Schultz was honoree at a pink and blue shower in the Mark Foster home from 5 to 6 on Thursday afternoon, September 21. Hostesses were Mesdames Ed Money, Mark Foster, Tom Gooch, Ralph Ruthart, Cecil Simms, and Tom Lair, who were assisted by the senior girls of the Class of 1951.

The entertaining rooms were decorated with arrangements of fall flowers. Refreshments of cocoa and individual cup cakes were served. Approximately thirty guests called or sent gifts.

BOARDING CLUB

An "inventory control" order designed to curb hoarding of scarce war materials by business firms, was the first restraint clamped on industry by the new National Production Authority. The order contained: (1) A "scarcity list" of materials which are, or threaten to be, of bottlenecks in the expanding production drive; and, (2) a broadly-worded prohibition against massing more than a normal operating supply of the scarce items. Penalties of a year in prison or a \$10,000 fine, or both, are provided.

LIFE-SPAN OF EARNERS

Length of life for American wage earners and their families has been steadily increasing for more than 50 years, according to life insurance company statistics, which point out that expectation of life at birth is now 67.7 years for the millions of industrial policy holders. Average lifetime among this large section of the industrial population has doubled since 1879-89, the earliest period for which figures are available.

By George

"Somebody put cracker crumbs in my bed!"

Fairview Breezes

Richard Evans, who is busy sowing wheat at Spearman, spent the week-end in his home here.

Frank Rogers has been sick the past week.

E. H. Wilson has been shocking feed for his brother E. M. Wilson.

Mr. and Mrs. George Fawik and daughters Georgia and Dolly visited Saturday evening in the J. W. Wesley home.

Tom Fawik has been helping the J. W. Wesley's sow wheat.

Those enjoying the day with the H. H. Shipmans Sunday were Mr. and Mrs. J. W. Wesley, Mr. and Mrs. G. E. Wesley, Darrell Wilson and LaVena Amerson.

Vesta Amerson has been ill the past few days.

Misses Payerene and Annabelle Schaeffer visited the parental E. W. Schaeffer home over the week-end. Hollis Shipman has been suffering with a badly sprained ankle as the result of getting his foot caught in the binder canvas.

Mr. and Mrs. Woodrow Wesley and boys attended the Tri-State Fair Tuesday.

Mr. and Mrs. H. H. Shipman and children attended the Fair Friday evening.

J. W. Wesley felt lucky having 3 Happy cowboys to shock feed Saturday.

Mr. and Mrs. Jack Jeter visited in the home of her parents the A. H. Rowles Sunday between services. Wyley James was able to be at Sunday School Sunday morning although he is on crutches.

The Schaeffers had a family gathering in their home Sunday. All

their children were home but Mrs. Howard Slack who lives in Philadelphia.

The past week everyone has been busy cutting feed and sowing wheat.

We were glad to have Mrs. Vivian Myers and Wayne Parnell of Plainview at Church Sunday.

Ronnie and Charlene Wesley are able to be back in school.

Mr. and Mrs. Frank Rogers, Mrs. G. W. Wesley, and Mr. and Mrs. John Patterson attended the district meeting of Baptists in Tulsa Tuesday.

BOY 12, SAVES PAL

Toledo, Ohio—Using rope-throwing techniques he learned from wild west movies and resuscitation methods learned in the Boy Scouts, Jack Gause, 12, saved the life of a playmate, Wayne Goodlive, 8 Wayne fell into a 10-foot excavation while the boys were playing and was going down the second time when a rope thrown by Jack, snared one of his hands. The older boy held the rope fast waded into the hole and pulled the unconscious boy out. Then, stretching him out on the grass, he started resuscitation. Wayne revived in a few minutes and was taken home. When reporters heard about the story and went to interview the young hero, he was out in his back yard busy playing cowboys and Indians.

INDUCTIONS

Maj. Gen. Lewis B. Hershey told the Senate Appropriations Committee that he is making plans for inducing between 370,000 and 500,000 before July 1, 1951.

Build, Buy, Live in Canyon!

MOM! MY COLD NEEDS

VICKS VAPORUB IN STEAM

DEEP-ACTION relief from coughs, chokey stuffiness with every breath!

● Mother, here's a special way to give your little one wonderful comfort with the very same Vicks VapoRub that always brings such grand results when you rub it on!

Easy... Effective: Put 2 good spoonfuls of VapoRub in a vaporizer or bowl of boiling water as directed in package. Then... let your youngster breathe in the soothing, medicated vapors.

HOME-PROVED FOR YOU BY MILLIONS OF MOTHERS!

Every breath carries VapoRub's famous combination of time-proved medications deep into large bronchial tubes. Comforting relief from distress of colds comes in a hurry!

Then... to keep up relief for hours, rub Vicks VapoRub on throat, chest and back, too.

I LIKE IT! MOM LIKES IT, TOO!

MEAT PRICE PROSPECT

Poor corn crop prospects, due to the cool and wet weather which has prevailed recently in the mid-Western Corn Belt, which prevents pro-

per hardening of corn before killing frosts arrive are threatening to keep a lot of beef away from butcher shops this fall and winter, with consequent rises in meat prices.

Don't Be Satisfied With Symptomatic Relief!

HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B₁, B₂, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

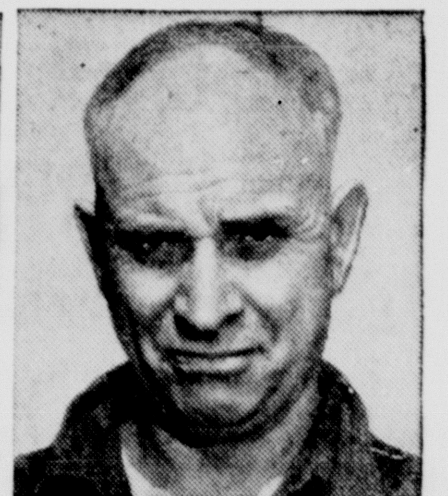

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio, "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL, often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL, too." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio, "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT!

Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief — because now it's possible to relieve the CAUSE of such deficiency sickness with that wonderful new HADACOL.

HADACOL not only supplies deficient systems with extra quantities of

Vitamins B₁, B₂, Iron and Niacin but also helpful amounts of precious Calcium, Phosphorus and Manganese—vital elements every human being must have to maintain good health. You owe it to yourself to give HADACOL a fair trial. Many doctors recommend this great new HADACOL. It's sold on a strict money-back guarantee. Trial size, \$1.25. Large family or hospital size, \$3.50.

Buffaloes Outscore Arizona Univ. in Wild Spree Saturday Night to Top Border Conference ---- Score 34-26

The Buffalo football squad traveled to Tucson, Arizona, Friday by air to whip the widely touted Arizona Wildcats Saturday night by a score of 34-26 in a scoring spree for each team.

Coach Frank Kimbrough's explosive attack blasted for two quick touchdowns in the first quarter, but soon found the two wouldn't be near enough as the Cats breezed for a couple themselves to trim the WT lead to one conversion point.

The scoring kept up at that nerve-racking pace all the way with the Buffs leading 28-20 at half time, and 34-20 at the end of the third quarter. The Cats never got enough, scor-

ing on a sensational 54-yard pass play in the last ten seconds to chop the win to a single touchdown margin.

Superb quarterbacking and passing by Gene Mayfield, fine elusive running by Bill Cross, brutal line smashes by Charlie Wright and Tom Airhart all coupled with some tremendous blocking—downfield as well as in the line—made the difference.

Mayfield unquestionably threw in a strong bid for an eventual all-conference berth displaying fine field generalship and repeatedly shaking off would-be tacklers to throw 13 passes, eight of which were completed for 143 yards.

Cross the Buffs' number one candidate for leading ground gainer in the conference, also had a great night. He ripped off runs of 70, 50 and 26 yards, completed one of Mayfield's passes for 66 yards, scored the touchdown, caught a pass for an extra point and twice quick-kicked 46 yards.

The remarkable Canadian Comet lugged the ball eleven times for a total of 173 yards—a 16-yard per carry average.

Wright and Airhart were the workhorses, with Wright moving the ball 97 yards in 26 tries for a 4-yard average. Airhart slashed 48 yards in just eight turns for a respectable 6-yard average.

The Buffs scored the first time they got the ball using only 12 plays to move from their own 47 despite the fact they were penalized for off-side and illegal use of hands during the march. The offside penalty could have hurt, since it nullified a 28-yard Mayfield to Roy Lee Dunn touchdown pass.

An earlier Mayfield to Dunn pass of 14 yards had given the Buffs their initial first down. Wright picked up 11 yards in two carries, a Mayfield to Wright pass moved the ball 22 yards to the Arizona 10, but the holding penalty lost 15. Airhart smashed for 11 yards, Mayfield made two and a Mayfield to Wright pass went seven yards to score. Dunn passed to cross for the point.

West Texas' second corner came about three minutes later when the Buffs pulled a fast "no huddle" play—Mayfield pitching out to Cross who hipped 50 yards. Dunn's kick made it 14-0.

Coach Bob Winslow's Cats got moving then, requiring only eight plays to move 65 yards for a score. 26 yards and a Bruce McCauley to Jim Guendelsberger got loose for Fred Batiste 31-yard pass set the ball on the six. Kurt Storch smashed for five and Arnold Burwitz plowed out the yard. Storch's kick for point was no good.

The Cats threw to another rapid score after Wright fumbled on the second play from scrimmage and Arizona recovered on the Buff 35. McCauley threw to Gil Gonzales for 11 yards, ran nine yards the next play and then later threw nine yards to Bill Glazier for the TD. Storch kicked the point, making it 13-14 and both clubs a bit nervous.

But on the next play from scrimmage Cross eased the situation somewhat by scooting 70 yards to the Cat five, taking smart advantage of excellent downfield blocking.

Cross finally was caught from behind by Batiste, Arizona's dazzling fast Negro back who has been clocked at 9.7 in the 100. Wright plunged five yards for the score and Dunn booted the point.

Batiste fumbled a punt and Bill Pevehouse recovered on the Arizona 14 to set up the next score. Cross rambled for five, Mayfield sneaked twice for seven yards and Wright plowed the last two. Dunn's kick made it 28-13.

The Cats scored on the kickoff when Glazier took Poindexter's cross field kick, found a hole and went 60 yards without being touched. Storch kicked the point. It stayed that way, 28-20 until the half.

Both clubs tightened up defensively after the half, but the Buffs managed to widen their lead another touchdown shortly before the third quarter ended.

Taking the ball on the Buff 31, Mayfield faded deep and elbowed one almost 50 yards to Cross who scampered to the Arizona three before being felled. Wright crashed over for the TD and Dunn's kick was wide.

They leveled off and battled on an almost even keel, with the Buffs more interested in spending time than making long gains, until the last seconds of the game when a McCauley to Storch pass play netted 54 yards and six points. Storch's kick was blocked by Poindexter.

The Buffs had some bad moments during the final stanza when McCauley fairly filled the air with passes but the hard charging Buff line mopped up some and the secondary batted away a couple that looked TD bound.

But, the Buffs' biggest worry was their pass defense, which looked bad at times. Too, Arizona has a host of fast backs and ends who are difficult to keep covered.

J. D. Covington, Don Briggs, C. H. Keeton, Bob Kelley and Don Patterson sparked the Buff defense—which plugged up the Cat ground game pretty well in the last half.

The Buffs marked up a wide advantage in yards rushing in the first half, a net of 233 yards to the Cats' 39. But McCauley's passes and Glazier's kickoff return kept them in the game. The first downs were 11-4 in favor of the Buffs at the half.

Three Buffs suffered injuries, but none is believed serious.

Buff safety E. C. Seifert hurt his leg on the first play of the game and was taken to the hospital by ambulance from the game. His trouble

W. T. Freshmen Whip Tech Here on Friday Night

West Texas State Freshmen whipped the Freshmen from Texas Tech Friday night at Buffalo Stadium in the first game of the season 26-12.

Tech pushed over two touchdowns early in the game, but the W. T. Freshmen came back in a rough and tumble game to defeat the visitors with four touchdowns.

Five penalties for 75 yards were assessed against the young Buffs, while the visitors drew nine penalties for 75 yards.

was diagnosed as a bad bruise.

Cross hurt his shoulder early in the game, but was back in play after a few downs. Covington sprained an ankle, but remained in the game.

The Buffs have another rough tilt slated this week when they play host to the McMurry Indians with all-American Brad Rowland, big Floyd Sampson, et al.

Demos and Repubs Both Anxious For Recess of Congress

Congress recessed Saturday night and will come back after the November election. This will be a lame duck session, and more politics may be expected from the boys who won't be back in January.

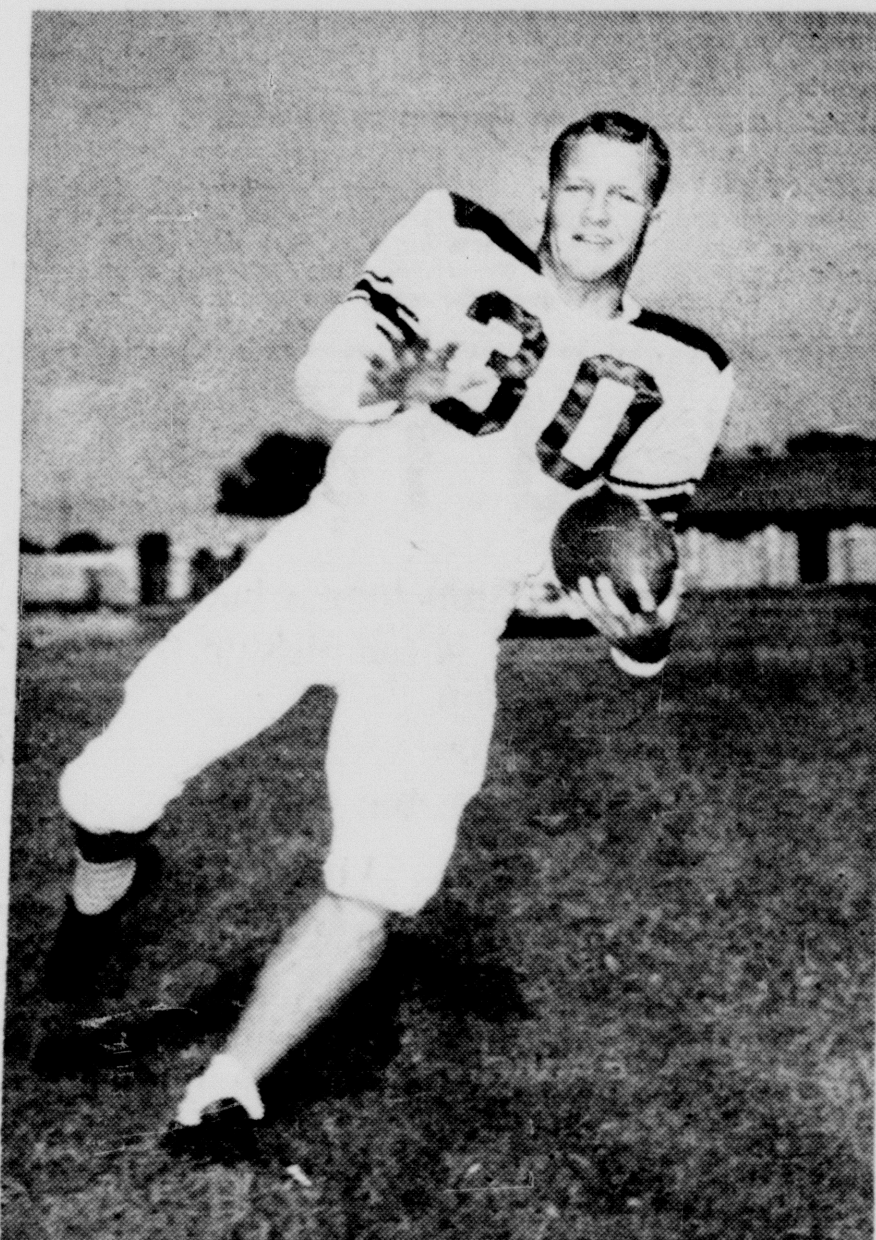

The Democrats as well as Republicans supported the move to recess so that the members could get back in their districts and campaign for the November election.

Senator Taft, who faces a tough battle in Ohio, was among the Republicans to demand the recess.

RECORD TAXES

Senator Walter George (D. Ga.), chairman of the Senate Finance Committee, warns that the nation can expect Federal taxes next year to reach a record high, near \$50,000,000,000, an overall increase of about \$12,000,000,000. He predicts that a "second installment" tax bill, to collect about \$7,000,000,000 more revenue to help pay for the fighting in Korea and to bolster the nation's defenses, will be taken up by Congress in January.

The State Department has authorized its diplomats in certain posts and Southeast Asia to carry firearms for their own personal protection.

Powerful X-Ray Reduces Cancer Inside Bodies

LONDON—Cancers growing inside human bodies are being reduced or wiped out by a powerful new X-ray, medical scientists report.

The X-rays are 2,000,000 to 23,000,000 volts in power, the strongest ever used medically. They come from super X-ray machines of various kinds.

They can reach deeper into the body, with more punch. They don't affect all cancers, for some tumors resist X-rays or at least have not been affected by less powerful rays.

One machine, a Van de Graaf generator, produces 2,000-volt X-rays. This means X-rays with double the power of all the medical radium in the world, said Dr. John G. Trump of the Massachusetts Institute of Technology.

The rays can deliver 60 percent of their tremendous energy to cancers three or four inches deeper inside the body, he said. They speed through the skin, bone, and other tissues without doing much damage to these healthy tissues. They don't slow down enough for damaging work until they have gone a few inches.

A rediscovered trick of treatment makes the beam even more potent, Dr. Trump said. This is to put the patient on a turntable, revolving slowly, to change the angle of the X-ray bombardment.

The cancer then gets the X-ray from all sides. There is far less chance of injuring the skin where the beam enters, or other healthy tissue. This rotating idea was first tried in England nearly 40 years ago, but at a time when there were no X-ray beams that would concentrate deep in the body.

In 100 patients treated since last October, the cancers have shrunk each time, and some still are shrinking, Dr. Trump said. These included cancers of the head, neck, breast, lungs, and pelvic organs.

It still is too early to know whether anyone has been cured, but "we are hopeful the results will show more cures than by conventional methods of X-ray treatment," Dr. Trump said. The patients are far less likely to suffer from radiation sickness, he added.

Shrinking of deep cancers with 23,000,000-volt X-rays was described by Dr. Roger A. Harvey of the University of Illinois. These rays come from a betatron, a doughnut-shaped atom-smashing machine.

In 23 patients, all with advanced cancer, the cancer has shrunk each time, so far as can be observed, Dr. Harvey said. Whether any of the 23 will recover can't be predicted.

58 Persons Die in Crash Of DC-4 in Lake Michigan

ST. JOSEPH, Mich. — About 19 miles northwest of St. Joseph, at the bottom of Lake Michigan, is the remains of a giant DC-4 which crashed and carried 58 persons to their death in the worst air disaster in the nation's history.

It probably will never be known what caused the crash. Debris scattered over the area indicated a tremendous crash or explosion. Most pieces of wreckage were no more than inches square.

Searchers found hundreds of pieces of the foam rubber cushions. Coastguardsmen, using boat hooks, fished wreckage from the lake. They brought up a pair of brown wool trousers, the pockets empty and the buckle ripped from the belt.

There were some flight kits, maps bearing the name of Northwest Airlines, a man's white handkerchief, a bank book of the National City Bank of New York, a green jacket of a woman's dress, a man's shorts and parts of bodies.

Among the debris was a child's shoes and a little girl's rag doll. The doll was one of the few things that came out of the crash complete and intact.

Disintegration must have been complete when the plane struck the water. That was all that remained of a giant, proud airliner.

Prices Irk Cherry Grower; Orders Trees Cut Down

TRAVERSE CITY, Mich.—George Washington, so legend says, cut down one cherry tree. Fred E. Reed of Sutton's Bay did better than that, however. He ordered workers to cut down his orchard of 250 trees.

It all came about when Reed was offered only 4 cents a pound for his crop of Michigan sour cherries. "I'll clear the ground and raise strawberries," Reed declared flatly.

Last year's crop of Michigan sour cherries brought 9 cents a pound. Packers are offering 4 cents for this year's early crop, but promised growers additional payment (possibly up to 3 cents a pound) later if the price of the processed pack warrants it.

But Reed isn't interested in subsidy prices. "When I can't raise cherries and make a profit without depending on price supports I'll quit growing them," he declared.

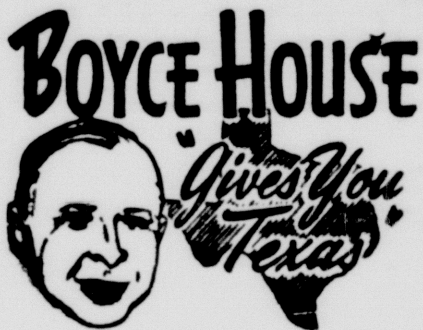

The only trees he left standing were a few for his personal use.

U. S. farm imports pass exports first time in eight years.

Winners in Better Baby Contest

Pictured above are the winners of the 1950 Better Baby Contest sponsored by the American Legion Auxiliary. Trophies were awarded to Senior King Dickie Fisher, son of Mr. and Mrs. Dick Fisher, Canyon Highway, and Senior Queen Karen Corea, daughter of Mr. and Mrs. Ralph Corea, 726 N. Cleveland.

The last of the "show boats" which used to ply the rivers of the South is at the foot of the levee in St. Louis—the "Goldenrod," presenting an old-time melodrama nightly.

St. Louis is a most interesting city — (this observer spent several days there recently, incidentally seeing my first big league baseball games). The old court house in which the Dred Scott case was tried—(remember the "Dred Scott decision" which helped bring on the Civil War?)—is still standing. On the lawn is a stone marking the beginning of Daniel Boone's trail, the first into the wilderness.

Across the street is an aged building with a spiral fire escape, of graceful, delicately wrought ironwork. The structure houses the picturequely named Log Cabin Fur Company, which circumstances reminds one that St. Louis was founded by the French, who were interested in the fur trade—and the city is still the largest fur-processing center in the world.

Oldest building is the "Stone House" where John Jacob Astor was active when he was laying the foundation for one of America's greatest

fortunes—(which was founded on fur trading).

St. Louis is the world's leading city in the making of shoes, also beer.

You can see the spot where a former Army officer living in obscurity prior to the Civil War had his real estate office. His name was U. S. Grant.

Then there is the house which the famous financier, Jay Gould, built so that his daughter could entertain her friends during the great world's Fair of 1904.

And there is the narrow, three-story, brick house in which Eugene Field was born. Manuscripts in a small neat hand; elaborate dresses of his wife; an ax presented to him by Gladstone, the English statesman who chopped down trees for exercise; and many quaint articles of furniture—all these make the author of "Little Boy Blue" seem very real.

St. Louis has few traffic lights. At some of the busiest intersections, policemen are on duty in the middle of the street, making their signals with hands encased in white canvas sacks for the sake of increased visibility. At most crossings, you watch for an opening and then run. You may have to sidestep, pivot and change pace to get across. Doak Walker could keep in practice as a broken field runner in St. Louis.

The Union Station is an immense affair, first a building, then a semi-open waiting room, then the gates and train sheds. In the station are numerous business establishments, including a hotel. Trains are arriv-

ing and departing every few minutes.

At one booth are greeters in Oriental headgear and with gold-fringed badges, welcoming delegates to a Negro fraternal convention. Another booth is the point of assembly for many lovely and laughing girls from all over the nation on their way to enroll in a famous Missouri college for young women.

Hundreds of people rush to and fro, the tide never pausing; and there is a sea-like murmur of many voices. It is like a Hollywood super-production with "a cast of thousands." What hopes, joys and griefs would be revealed if one could know the stories of those who embrace or shake hands in greeting the others who smile and maybe shed a tear in parting, in the endless drama of St. Louis' Union Station!

Canadian River Dam Blocked Until New Session of Congress

The Canadian River Dam is blocked for this session of Congress.

Senator Chavez of New Mexico raised the objection which was needed to postpone action of the bill creating the dam. No appropriation was carried in the bill, but the government was given authority to start planning for its construction.

Unless Congress comes back into session following the November election and the Senate passes the bill, it will be dead for the session and must start over again in the new Congress which opens in January.

HOLIDAY DEATHS

The death toll for the Labor Day weekend broke the record of 550 set in 1949, according to the National Safety Council, which reported a total of 565 people killed. Of the accidental deaths, 389 were killed in traffic mishaps, 78 drowned and 98 deaths were caused by accidents of a miscellaneous nature.

Under study is a draft regulation that would defer college students with high grades for a full-length college career. College presidents are complaining that draft boards now are taking students although the law specifically states that students must be deferred if enrolled before induction notices reach them.

Lieut. Gen. Alfred M. Guenther, ace organizer and disciplinarian in the U. S. Army, is getting strong support as the man to build a supreme military command in Europe for the 12 Atlantic Treaty nations. British and French would prefer an American, and President Truman is not inclined to call on General Eisenhower for that big European job.

J. Monroe Johnson, retiring as Transportation Administrator at the age of seventy-two: "I have been through one long and arduous war and I don't want to start something I might not be able to finish."
